## **The Nowhere City:**

*The Nowhere City* Alison Lurie, 2012-11-13 In this excellent novel of rare understanding from a Pulitzer Prize winning author culture shock consumes a young Harvard couple in Los Angeles The New York Times When his mentor at Harvard University suddenly leaves for Washington Paul Cattleman finds himself adrift in the wilds of academia After losing his fellowship he is out of work and one thesis short of a PhD Rather than doom his career by taking what he considers to be an unsuitable job he finds a temporary position at the Nutting Research and Development Corporation in Los Angeles a city whose superficial charms signal an adventure He is ready to make the best of his year out west among the beatniks and Hollywood hippies The only thing holding him back is his wife Katherine is a New Englander through and through and as soon as she steps into the LA smog she knows this transition will be a struggle What Paul sees as fun she considers vulgar Bogged down by her allergies and crumbling marriage she seeks out a shrink who surprises and transforms her While Los Angeles may be a cultural wasteland this East Coast girl will find that West Coast pleasures can be quite a lot of fun The National Book Award shortlisted author of *Foreign Affairs* writes coolly and wickedly of freedom and self discovery in this witty novel *The New Yorker* This ebook features an illustrated biography of Alison Lurie including rare images from the author's collection

[Alison Lurie](#) Judith Newman, 2021-11-01 Drawing on personal interviews manuscript collections and the author's unpublished writings Judith Newman offers a comprehensive study of the work of Alison Lurie from her early involvement in the Poets Theatre to the AIDS comedy of her most recent novel *The Last Resort* 1988 In her profound social and intellectual engagement with American Utopianism from its historical origins through such contemporary manifestations as Walter Benjamin's Hollywood the American University feminist theorisations the religious cult and the gay heterotopia and in her intertextual reworkings of folk and fairy tale biography diary novel the International Theme and the classic ghost story Lurie maintains an uncanny ability to serve critical aesthetic purposes within a popular fictional form Semiotic comedies comedies of the sign rather than novels of manners Lurie's fictions place her squarely within a radical American tradition

[The Nowhere City](#) Alison Lurie, 1967      **The Recursive Frontier** Michael Doherty, 2024-05-01 The Recursive Frontier is an innovative spatial history of both the literature of Los Angeles and the city itself in the mid twentieth century Setting canonical texts alongside underexamined works and sources such as census bulletins and regional planning documents Michael Doherty identifies the American frontier as the defining dynamic of Los Angeles fiction from the 1930s to the 1950s Contrary to the received wisdom that Depression era narratives mourn the frontier's demise Doherty argues that the frontier lives on as a cruel set of rules for survival in urban modernity governing

how texts figure race space mobility and masculinity Moving from dancehalls to offices to oil fields and beyond the book provides a richer more diverse picture of LA's literary production during this period as well as a vivid account of LA's cultural and social development as it transformed into the multiethnic megalopolis we know today      *City and State* Herbert Welsh,1898      *Proceedings of the ...
