## **The New New Painters:**

**Made in U.S.A.** Sidra Stich, University Art Museum Berkeley, 1987-01-01 Made in U S A takes a new look at American art of the 1950s and 1960s and shows us how American it was This is a provocative study of those artists who appropriated everyday images from the world of mass media and suburban living and forced their viewers into a sometimes witty sometimes bittersweet confrontation with the realities of living in late twentieth century America **Annual Report**

**Paint by Number** William L. Bird, 2001-03 The how to craze that swept the nation Cover subtitle **The hansei-zasshi**, 1898 *Midcentury Modern Art in Texas* Katie Robinson Edwards, 2014-07-01 Before Abstract Expressionism of New York City was canonized as American postwar modernism the United States was filled with localized manifestations of modern art One such place where considerable modernist activity occurred was Texas where artists absorbed and interpreted the latest most radical formal lessons from Mexico the East Coast and Europe while still responding to the state's dramatic history and geography This barely known chapter in the story of American art is the focus of *Midcentury Modern Art in Texas* Presenting new research and artwork that has never before been published Katie Robinson Edwards examines the contributions of many modernist painters and sculptors in Texas with an emphasis on the era's most abstract and compelling artists Edwards looks first at the Dallas Nine and the 1936 Texas Centennial which offered local artists a chance to take stock of who they were and where they stood within the national artistic setting She then traces the modernist impulse through various manifestations including the foundations of early Texas modernism in Houston early practitioners of abstraction and non objectivity the Fort Worth Circle artists at the University of Texas at Austin Houston artists in the 1950s sculpture in and around an influential Fort Worth studio and to see how some Texas artists fared on a national scale the Museum of Modern Art's Americans exhibitions The first full length treatment of abstract art in Texas during this vital and canon defining period *Midcentury Modern Art in Texas* gives these artists their due place in American art while also valuing the quality of Texan-ness that subtly undergirds much of their production *The Builder*, 1877 **The Year's art, compiled by M.B. Wee, 2025-03-18 The first critical account of the enormous upsurge in cultural expression across Asian countries from 1979 2008 and the new possibilities it presented for the aesthetic and cultural re-imagining of a unified contemporary Asia Biennial style art exhibitions New discourses in modern and contemporary art The production and circulation of increasingly debordered popular culture *A Regional Contemporary* by C J W L Wee is an investigative account of the dramatic increase in cultural expression in Asia from 1979 to 2008 with the 1990s as the focal point of this period The so called East Asian miracle Wee argues projected a fictive but shared contemporary regional identity onto Northeast and Southeast Asia collectively taken as East Asia The new cultural explosion was notably

enabled by expanded capitalist energies that reached a level critical enough to reposition the region's postcolonial and Cold War era nationalisms and this book examines the resulting implications. A sophisticated and compelling study. *A Regional Contemporary* is the first to examine the conjunction of high and popular culture in the region. Moreover, Wee reveals how the various cultural formations of this regional contemporary were able to traverse if not overcome uneven national economies, the memory of Japanese empire and the geopolitical rifts of post Cold War nationalisms. While foregrounding new cultural expression, Wee simultaneously examines how novel economic conditions bolstered a more confident questioning of Western modernity's dominance and enhanced the capacity for regional dialogue in the bid to overcome colonial era legacies even as those legacies were being absorbed into the region.
