**The New Papyrological Primer** Pieter Willem Pestman, 2007      *The New Papyrological Primer* Martin David, Bernhard Abraham van Groningen, P. W. Pestman, 1990      **The Oxford Handbook of Papyrology** Roger S. Bagnall, 2011-12 Thousands of documentary and literary texts written on papyri and potsherds in Egyptian Greek Latin Aramaic Hebrew and Persian have transformed our knowledge of many aspects of life in the ancient Mediterranean and Near Eastern worlds Here experts provide a comprehensive guide to understanding this ancient documentary evidence      Papyrological primer M. David, B. A. van Groningen, 1952      *The Two Faces of Graeco-Roman Egypt* Verhoogt, Vleeming, 2020-04-28 On May 1st 1998 Professor P W Pestman retired from academic teaching His contributions to the field of papyrology are well known he has continually stressed the importance of Egyptian sources for the study of Greek and Roman Egypt and the importance of studying the Greek and Egyptian documentation together in context Indeed he has been among the first to link the formerly separate Greek and Egyptian documentation establishing modern papyrological practice He has thus given an Egyptian face to Graeco Roman society to complement the Greek face that had previously dominated papyrology The present volume contains twelve contributions by members and alumni of the Papyrologisch Instituut that illustrate the two faces of Graeco Roman Egypt and show how they may be tied together

**Encountering the Parables in Contexts Old and New** T. E. Goud, J.R.C. Cousland, John P. Harrison, 2022-08-25 The contributors to this book pursue three important lines of inquiry into parable study in order to illustrate how these lessons have been received throughout the millennia The contributors consider not only the historical and material world of the parables composition and focusing on the social political economic and

material reality of that world but also seek to connect how the parables may have been seen and heard in ancient contexts with how they have been and continue to be seen and heard Intentionally allowing for a bounded openness of approach and interpretation these essays explore numerous contexts encounters and responses Examining topics ranging from ancient harvest imagery and dependency relations to contemporary experience with the narratives and lessons of the parables this volume seeks to link those very real ancient contexts with our own varied modern contexts **Papyrological primer** Martin David, Bernhard A. van Groningen, 1946 Papyrological primer M. A. van Groningen, 1946 **Papyrological Primer** Martin David, Bernhard Abraham van Groningen, 1952 **An Introduction to the History and Sources of Jewish Law** Neil S. Hecht, 1996 Jewish law has a history stretching from the early period to the modern State of Israel encompassing the Talmud Geonic and later codifications the Spanish Golden Age medieval and modern response the Holocaust and modern reforms Fifteen distinct periods are separately studied in this volume each one by a leading specialist and the emphasis throughout is on the development of the institutions and sources of the law providing teachers with the essential background material from which a variety of sources from many different perspectives may be taught Most chapters are written to a common plan with treatment of the political background of the period and the nature of Jewish judicial autonomy the character literary and legal of the sources the legal practice of the period its principal authorities and examples of characteristic features of the substantive law especially in family law Channels of Imperishable Fire Clement A. Kuehn, 1995 Ever since the poems of Dioscorus of Aphroditia ca 520 ca 585 C E were discovered on papyri in Upper Egypt they have perplexed and disturbed scholars Written largely in an Homeric vocabulary many appear to be praising dukes and other government officials according to encomiastic conventions Yet the poems do not adhere closely to these conventions and contain many verses and passages which are nearly incomprehensible This book demonstrates that many of these problematic passages have mystical significance and that the encomia possibly have an allegorical level of meaning The study also reveals the valuable contribution these poems make to our understanding of early Christian mysticism and Late Antique culture **MÄS** Steve Vinson, 1998
