Congress Senate,1958 **Reclaiming the Night-Time Economy** Bianca Fileborn,2016-11-03 This book explores young adults experiences and understandings of sexualised violence within licensed venues Although anecdotally common unwanted sexual attention in pubs and clubs has been the focus of relatively little criminological analysis This text provides the first exploration of how and why unwanted sexual attention occurs in licensed venues Using wide ranging research from over two hundred participants Fileborn argues that what counts as unwanted sexual attention is highly context dependent and situated within a complex assemblage of a venue s culture environment and community Dealing with issues such as the roles gender sexuality space and social belonging play in shaping young adults experiences this book recounts how young people make sense of unwanted sexual attention within a culturally complex alcohol fuelled and sexually charged environment A thorough and thought provoking text this book will be of particular interest to scholars of criminology sociology and political science **Second Supplemental Appropriation Bill, 1958, Hearings Before ... 85-2, on H.R. 10881** United States. Taking a quantitative approach Allan G Bogue assesses the nature of radical and conservative Republicanism in the Civil War
Senate documents the distinctions among the senators and clarifies the factors that encouraged or discouraged factionalism
The Earnest Men is divided into two parts Men Context and Patterns and The Substance of Disagreement In Part One Bogue
investigates the backgrounds of the senators and the institutional structure of the Senate and he examines the character of
leadership exercised in the Senate chamber He then uses roll call analysis as a means of establishing distinctions between
radical and moderate senators To account for their voting patterns he considers living arrangements seating regionalism and
election results In Part Two Bogue looks closely at the debates in the Senate in order to ascertain the nature of
disagreements between radical and moderate Republicans in such policy making areas as slavery taxation human rights
punishment and rehabilitation and legislation affecting the border states Taking issue with the idea that the Republicans
were essentially unified on the issues of the day he finds that their differences were widespread and important A major study
