The Nothingness:

The Song of Silence Deep Suri, 2024-04-25 Seeing and experiencing the world as it is is freedom and peace in itself but the spiritual seeker who seeks the answer to life's biggest mystery Who is the experiencer of the I must aspire through self contemplation to find an articulate all embracing answer to the true meaning and significance of the concepts of freedom and peace What is their true power Can freedom and peace be internalized through the intellect or is true genuine freedom and peace an experience and a state in itself a state where true and false do not configure a state where opposites cannot force their entry an unshakable point in the emptiness in the empty space In the empty inner and outer space united and undivided where silence and awareness merge in an By embracing silence in an atmosphere of absolute presence where the limitations of language fade away and the all pervading power of silence fills the space surrounding the human body communication will occur without effort This eternal ever present silence is the universal language for all beings that enter this universe Observing each other in silence is to transcend the world of conclusions where outwardly two different entities with their own perceptions of the world limited by nationality culture and religion merge into one entity that communicates through the timeless language of silence The most profound discovery we can make on this stage of life is that there is no I that our existence is merely a mental projection playing out in the mind through the stormy sea of learned concepts and ideas The Politics of Nothing Clare Monagle, Dimitris Vardoulakis, 2013-10-31 This book questions what sovereignty looks like when it is de ontologised when the nothingness at the heart of claims to sovereignty is unmasked and laid bare Drawing on critical thinkers in political theology such as Schmitt Agamben Nancy Blanchot Paulhan The Politics of Nothing asks what happens to the political when considered in the frame of the productive potential of the nothing The answers are framed in terms of the deep intellectual histories at our disposal for considering these fundamental questions carving out trajectories inspired by for example Peter Lombard Shakespeare and Spinoza This book offers a series of sensitive and creative reflections that suggest the possibilities offered by thinking through sovereignty via the frame of nihilism This book was originally published as a special issue of Culture Theory and Critique **Way of Nothing** Paramananda Ishaya, 2014-01-31 Though it is simple and obvious you may not understand the incredible importance of the way of nothing When you do see the way you will wonder Can it really be this easy and simple And seeing that there was never anything in the way of freedom can almost be embarrassing How could I have never seen it you ll ask The Way of Nothing Nothing in the Way explores the obstacles that stop you from reaching your highest desires enlightenment eternal peace or simply ordinary contentment These obstacles are nothing more than concepts you have that seem real yet they vanish with insight into the way It is a wonderful surprise to discover that there has always been nothing in the way of what you want Best of all there is really nothing to it Charicles: Or, Illustrations of the Private Life of the Ancient Greeks Wilhelm Adolf Becker, 1895 *The Ante-Nicene Fathers: Lactantius, [etc.], Apostolic teaching and constitutions, Homily, and Liturgies* Alexander Roberts, Sir James Donaldson, Arthur
