American workers their families and their communities Donald Trump's rise to the presidency focused attention on the depth of the nation's challenges yet while everyone agrees something must change the Left's insistence on still more government spending and the Right's faith in still more economic growth are recipes for repeating the mistakes of the past In this groundbreaking re-evaluation of American society economics and public policy Oren Cass challenges our basic assumptions about what prosperity means and where it comes from to reveal how we lost our way The good news is that we can still turn things around if the nation's proverbial elites are willing to put the American worker's interests first Which is more important pristine air quality or well-paying jobs that support families Unfettered access to the cheapest labor in the world or renewed investment in the employment of Americans Smoothing the path through college for the best students or ensuring that every student acquires the skills to succeed in the modern economy Cutting taxes expanding the safety net or adding money to low wage paychecks The renewal of work in America demands new answers to these questions If we reinforce their vital role workers supporting strong families and communities can provide the foundation for a thriving self-sufficient society that offers opportunity to all

Gesture Adam Kendon, 2004-09-23 Gesture or visible bodily action that is seen as intimately involved in the activity of speaking has long fascinated scholars and laymen alike Written by a leading authority on the subject this 2004 study provides a comprehensive treatment of gesture and its use in interaction drawing on the analysis of everyday conversations to demonstrate its varied role in the construction of utterances Adam Kendon accompanies his analyses with an extended discussion of the history of the study of gesture a topic not dealt with in any previous publication as well as exploring the relationship between gesture and sign language and how the use of gesture varies according to cultural and language differences Set to become the definitive account of the topic Gesture will be invaluable to all those interested in human communication Its publication marks a major development both in semiotics and in the emerging field of gesture studies
