He realized that an examination of the novel could be a tantalizing and entertaining entry into the world of research and evaluating information and decided to make it the subject of his freshman seminar class at Middlebury College. Beyer and many of his students have followed Dan Brown's work ever since and four years ago Beyer began to anticipate and delve into the facts that would be the core of The Lost Symbol. Like millions of other expectant readers he purchased a copy of the novel on its publication date September 15, 2009. He read and analyzed it several times and at the urging of his publisher focused on writing this handy reader friendly companion guide to The Lost Symbol in which he elaborates on 33 key topics and identifies 133 Internet links for even further exploration. The Secret Science of Masonic Initiation Robert Lomas, 2016-02-21 Freemasonry has a deep purpose which can be overlooked in the rush of the modern world. Its ritual says it is a high and serious subject. But how can an individual discover the truths it outlines? How do you become an Initiate and a Master? A new spiritually aware generation is asking this question and demanding answers. This book responds in an unexpectedly visual way. Using words and images it leads you through the spiritual stages of Masonic knowledge. The Craft teaches that each new apprentice shall find a teacher to gain instruction. The open Lodge is not the place for instruction but a place for living out truths which should be taught privately by contemplation of symbols. Robert Lomas has spent thirty years as a University teacher and twenty years studying Freemasonry and its ritual. In this book he shares his personal insight into the Craft, explains his understanding of its ritual and outlines the steps a Mason must take to find self knowledge. His words are illuminated by the unique symbolic drawings of two masters of Masonic Tracing board design. The purpose of Freemasonry is to help its members become Initiates in the science of Life. If you want to know yourself then Freemasonry offers a path to that knowledge. It is a spiritual adventure fit for the athletic and adventurous mind. The Secret Science of Masonic Initiation reveals that path.
