Sweet Ember:

Ember's Ashes L M Lissette, 2026-05-01 Raised among humans Ember harbored grand Olympic aspirations with unwavering determination Riding her loyal steed the magnificent bay stallion Beau she envisioned conquering the world on her 18th birthday a mere month away Each night her dreams were a tapestry of victorious rides and cheering admirers a future she deserved after a lifetime of solitude But then they found her The ones who sought to claim her throne and with it her very life The forced flight from Ember's home propels her into a perilous and unfamiliar realm her birthplace where danger lurks at every turn and uncertainty reigns Now she must face a heart pounding race across the land learning to fight for her life against the men vying for her crown Ember's reliance on others becomes necessary in a land where nothing is as it seems and the line between dreams and reality appears impossibly blurred Her guard Kalstrop and her steed Beau are not just companions but her lifelines guiding her through this unknown land Meanwhile a powerful sorcerer with a dark past will stop at nothing invading her dreams and enticing her into his world of magic and wonder Towering castle walls are built to keep invaders out but the lies they conceal burn deeper than any enemy will ever reach This fairy's tale could only end in ashes

RISING EMBERS Stephanie Averette, 2024-08-05 The coven has conquered and survived the centuries but a new threat has been presented one that is older than their kind Odin's darkened curiosity of her has followed her from the bayou to the Tennessee Valley His mysterious and dark manner never bothered her until fury and innocence collided Now she trains to master and harness the flame that burns deep within but she wasn't the only one touched by darkness that day Deep in the trees her oldest friend watches her grow bearing the scars and harboring guilt Fearful of what she has become elders force her hand and she returns to the bayou where she gets her new start

Rise Andrea Cremer, 2013-01-08 When Ember left her home to enter a mysterious order of Knights an order that protects our world from the next she thought she was finding her true home A family a purpose and most surprising of all love But that was before Now the order is on the edge of destruction driven apart by someone they trusted the most With hope fading Ember attempts a desperate escape But she faces relentless pursuit by supernatural horrors that act on the commands of a mysterious evil What she discovers in the shadows will shatter their world and bring a divide that will reverberate down the generations

Gatecrasher Stephen Graham King, 2017-05-16 The Maverick Heart is bored That is until it discovers a top team of engineers and scientists in a barren backwater system have created the Gate a stable artificial wormhole that will revolutionize interplanetary travel forever Breaching the wall of secrecy around this radical new technology is a temptation too sweet for human partners Keene and Lexa Blue to resist Elsewhere Ember Avanti is a thief with the highest of high tech toys in his arsenal And he's damned good at it too But sooner or later every thief chooses the wrong mark When he targets Quintaine DiaStellar he soon learns the corporation will stop at nothing to make the Gate its own Ember's team and the Maverick Heart crew must unite in a desperate attempt to stop the most vicious act of industrial espionage in the history of the Pan Galactum

Mermaid Tears Marcia Lynn McClure, 2011-07 Ember Taffee had always lived with her mother and sister in the little cottage by the sea Her father had once lived there too but the deep had claimed his life long ago Still her existence was a happy one and Ember found joy imagination and respite in the sea and the trinkets it would leave for her on the sand Each morning Ember would wander the shore searching for treasures left by the tides Though she cherished each pretty shell she found her favorite gifts from Neptune were the rare mermaid tears bits of tinted glass worn smooth and lovely by ocean To Ember in all the world there were no jewels lovelier than mermaid tears Yet one morning Ember was to discover that Neptune would present her with a gift more rare than any other something she would value far more than the shells and sea glass she collected One morning Ember Taffee would find a living breathing man washed up on the sand a man who would own claim to her heart as full as Neptune himself owned claim to the seas
