## Swift Enchantment:

**Enchantment and Dis-enchantment in Shakespeare and Early Modern Drama** Nandini Das, Nick Davis, 2016-12-08

This volume addresses dealings with the wondrous magical holy sacred sainted numinous uncanny auratic and sacral in the plays of Shakespeare and contemporaries produced in an era often associated with the irresistible rise of a thinned out secular rationalism. By starting from the literary text and looking outwards to social cultural and historical aspects it comes to grips with the instabilities of enchanted and disenchanted practices of thinking and knowledge making in the early modern period. If what marvelously stands apart from conceptions of the world's ordinary functioning might be said to be enchanted is the enchantedness weakened empowered or modally altered by its translation to theatre. We have a received historical narrative of disenchantment as a large scale early modern cultural process inexorable in character consisting of the substitution of a rationally understood and controllable world for one containing substantial areas of mystery. Early modern cultural change however involves transpositions recreations or fresh inventions of the enchanted and not only its replacement in diminished or denatured form. This collection is centrally concerned with what happens in theatre as a medium which can give power to experiences of wonder as well as circumscribe and curtail them addressing plays written for the popular stage that contribute to and reflect significant contemporary reorientations of vision awareness and cognitive practice. The volume uses the idea of dis enchantment/re enchantment as a central hub to bring multiple perspectives to bear on early modern conceptualizations and theatricalizations of wonder the sacred and the supernatural from different vantage points marking a significant contribution to studies of magic witchcraft enchantment and natural philosophy in Shakespeare and early modern drama.

**Enchantment's Odds & Ends** Ken Evans, 2021-07-26

To be Enchanted at one time meant to be carried away from one's hum drum existence to something or somewhere magical perhaps even spiritual at least always more than merely physically pleasant. Of course this depended on one's beliefs in human souls. Take that away and
