

A woman with short, dark hair, wearing a futuristic, metallic suit with a high collar and a circular emblem on the chest, is looking out from a dark, metallic structure. The structure has a curved, ribbed ceiling and a circular opening to the right. The lighting is dramatic, with strong highlights on the metallic surfaces and deep shadows in the background.

Not Peace But a Sword Stephen Baskerville,2018-08-21 Not Peace But a Sword provides a case study in religious radicalism as exemplified by the Puritanism of the English Revolution Based on sermons preached to the Long Parliament and other political bodies Stephen Baskerville demonstrates how Puritan religious and political ideas transformed the English Civil War into the world s first great modern revolution To understand why Baskerville analyzes the underlying social changes that gave rise to Puritan radicalism The Puritan intellectuals developed the sermon into a medium that conveyed not only popular political understanding but also a sophisticated political sociology that articulated a new social and political consciousness In the process they challenged the traditional political order and created a new order by appealing to the needs and concerns of a people caught up in the problems of rapid social and economic change The book explores the social psychology behind the rise of Puritanism as the Puritan ministers themselves presented it through textual
