Biography ,1989 Autobiography and Imagination John Pilling,2015-08-20 Originally published in 1981 This book looks at the autobiographical work of nine twentieth century writers Henry Adams Henry James W B Yeats Boris Pasternak Leiris Jean Paul Sartre Vladimir Nabokov Henry Green and Adrian Stokes The author argues that often the writer has shaped his life through his craft coming to understand the pattern of his own existence through the formalism of language In each case the writer stamps his personality on the work by mean of a distinctive verbal surface whose discipline enables him to evade narrow egotism and forces both reader and writer into an act of collaboration and corroboration Written at a time when criticism was turning to focus on the relation between the reader and the text this study added a provocative dimension to the debate and is still an important read today **Twentieth-century Literary Criticism** Dedria Bryfonski, Sharon K. Hall,1981 Contains alphabetically arranged entries that provide a selection of critical excerpts on the works of thirty authors who lived between 1900 and 1960 each including a biographical critical introduction a list of principal works and a bibliographical citation American Tradition in Literature Long Bradley (Perkins, Beatty),1956 Twentieth-century Literary Criticism ,1978 **Anthology of American Literature** ,1974 *American Prose and Criticism, 1820-1900* Elinore Hughes Partridge,1983 The Harper American Literature Donald McQuade,1987 The aim of this book is to present freshly the works of American literature with enough background to make our literary heritage accessible to a new generation of readers *The Literary Quest for an American National Character* Finn Pollard,2009-01-14 What then is the American this new man This question is explored here through the lives and writings of a sequence of imaginative authors each of whom confronted a crucial moment in the evolution of the new nation from Crevecoeur and the Revolution through Washington Irving and Jeffersonian Democracy to James Fenimore Cooper and the Era of Good Feelings At the centre of these confrontations was a division between those who claimed national perfection had been obtained and those who while desperately wanting to believe this perceived all too clearly that that perfection had not yet come Rediscovering this neglected literary debate *The Literary Quest for an American National Character* illuminates afresh the traumatic birth and development of the new American nation *Twentieth-century Literary Criticism* Gale Research Company,1978 Excerpts from criticism of the works of novelists poets playwrights and other creative writers 1900 1960 **American Literary Realism, 1870-1910** ,1975
