**The Secret Power of Masonic Symbols** Robert Lomas, 2011-10-01 An illustrated guide to ancient Masonic symbols and how they have shaped our world throughout history. For more than five hundred years, the symbology of Freemasonry has fostered a secret stream of radical ideas running just beneath the surface of popular culture. Today, these ideas, illuminated by public symbols hidden in full view, have influenced and shaped the society we have today. Despite this ongoing record of inspiration, no illustrated guidebook to the basic ideas of Masonic Symbology has even been published, and the story remains mysterious until now. This authoritative guide reveals how this symbology has been the backdrop to key historical events in the history of humanity from ancient times and how, in more recent times, inspired leaders have harnessed the symbols' power to bring about change in society. Renowned Freemasonry historian Dr. Robert Lomas takes you inside the Secret Order and shows you how Entered Apprentices first learn their craft and how continual exposure to these mystical symbols can change the way you think. You'll explore the six mysterious Tracing Boards that are at the heart of every Masonic Grand Lodge, ending with the final, most mystical symbol known as the Centre Let. *The Secret Power of Masonic Symbols* be your personal guide and show you how these symbols have made their indelible mark on the past and how they will continue to influence society in the future.

Freemasonry is a science of symbols in which by their proper study a search is instituted after truth that truth consisting in the knowledge of the divine and human nature of God and the human Soul Albert G Mackey Freemasonry is a science The great principles it unfolds are beautifully clothed in allegories and symbols and the true student of its sublime doctrines who will submit to their influences cannot miss a noble life Few however comparatively of the fraternity deeply investigate the internal character of Masonry They are content with a slight knowledge of the more routine of labor the beautiful ceremonial of a virtuous craftsman and pause not to read the sublime truths deeply hidden beneath the drapery of rites and ceremonies They are content to know that the science they profess teaches the great doctrines of the unity of God and the immortality of the soul but have little appreciation of the exquisitely beautiful and graduated links in the chain of evidence and demonstration The book before us is invaluable as a guide and teacher It unlocks the deep recesses of Masonic mystery and ably simplifies its most difficult and obscure symbols It contains thirty one chapters and a very elaborate synoptical index which greatly enhances the utility and value of the work While every chapter furnishes evidence of great research and ability that on the symbolism of labor we consider the gem of the book It is a beautiful production and reflects honor upon the writer The book of course commends itself to the brotherhood but we have no hesitation in recommending it to every household and to every young man in the land It is a gallery of ancient pictures whose excellencies grow upon the student with every moment devoted to them
