

THE GREAT WAR

The Great War

Robin Neillands

The Great War:

The Great War, 1914-1918 Marc Ferro, 2002 In this his most famous work Marc Ferro looks at the realities faced by the millions who fought in the Great War and their families at home In doing so he presents us with one of the most significant reappraisals of the war ever written Marc Ferro's most famous work *The Great War* looks at the realities faced by those men and their families at home Mapping tensions old and new he offers an overview to the Great War that is unrivalled in vision or in scope From detailing the meteoric rise of the bureaucratic classes prior to 1914 to charting the horrors of trench warfare Ferro travels well beyond the remit of historian In particular he documents the reactions of the warring countries socialist and labour organisations to the conflict By doing so Ferro has presented us with one of the most significant reappraisals of the Great War ever to be written one that rightfully takes its place as a Routledge Classic *The Great War*

Robert Cowley, 2003 The great war or the First World War as most Americans call it was the true turning point of the century just past It brought down dynasties and empires including the Ottoman one of the roots of our present difficulties It changed the United States from a bumptious provincial nation into a world power It made World War II inevitable and the Cold War as well Above all the Great War was history's first total war an armed conflict on a world stage between industrialized powers Robert Cowley has brought together the thirty articles in this book to examine that unnecessary but perhaps inevitable war in its diverse aspects A number of the subjects covered here are not just unfamiliar but totally fresh Who originated the term no man's land and the word tank What forgotten battles nearly destroyed the French Army in 1915 How did the discovery of a German naval codebook bring the United States into the war What was the weapon that for the first time put a man-made object into the stratosphere *The Great War* takes a hard look at the legend of the Massacre of the Innocents at Ypres in 1914 an event that became a cornerstone of Nazi mythology It describes the Gallipoli campaign as it has never been described before from the Turkish side Brought to life as well are the horrors of naval warfare as both British and German sailors experienced them at the Battle of Jutland the near breakdown of the American commander John H Pershing and the rarely told story of the British disaster on the Tigris River in what is now Iraq Michael Howard chronicles the summer of 1914 and the descent into a war that leaders were actually more afraid to avoid than to join John Keegan writes about the muddy tragedy of Passchendaele in 1917 Jan Morris details the rise and fall of Sir John Fisher whom she characterizes as the greatest British admiral since Nelson Robert Cowley tells the haunting story of the artist K the Kollwitz determined to create a memorial to her dead son In every way this is a book that does justice to the drama and complexity of the twentieth century's seminal event *The Great War*

Dan Todman, 2014-03-04 The First World War with its mud and the slaughter of the trenches is often taken as the ultimate example of the futility of war Generals safe in their headquarters behind the lines sent millions of men to their deaths to gain a few hundred yards of ground Writers notably Siegfried Sassoon and Wilfred Owen provided unforgettable images of the idiocy and tragedy of the war Yet this vision of the war is at best a

partial one the war only achieving its status as the worst of wars in the last thirty years At the time the war aroused emotions of pride and patriotism Not everyone involved remembered the war only for its miseries The generals were often highly professional and indeed won the war in 1918 In this original and challenging book Dan Todman shows views of the war have changed over the last ninety years and how a distorted image of it emerged and became dominant **Fighting the Great War** Michael S. NEIBERG, 2009-06-30 Despair at Gallipoli Victory at Vimy Ridge A European generation lost an American spirit found The First World War the deadly herald of a new era continues to captivate readers In this lively book Neiberg offers a concise history based on the latest research and insights into the soldiers commanders battles and legacies of the Great War **The Great War** Cyril Falls, 1959 Military history of World War 1 **Europe's Last Summer** David Fromkin, 2007-12-18 When war broke out in Europe in 1914 it surprised a European population enjoying the most beautiful summer in memory For nearly a century since historians have debated the causes of the war Some have cited the assassination of Archduke Franz Ferdinand others have concluded it was unavoidable In Europe's Last Summer David Fromkin provides a different answer hostilities were commenced deliberately In a riveting re-creation of the run up to war Fromkin shows how German generals seeing war as inevitable manipulated events to precipitate a conflict waged on their own terms Moving deftly between diplomats generals and rulers across Europe he makes the complex diplomatic negotiations accessible and immediate Examining the actions of individuals amid larger historical forces this is a gripping historical narrative and a dramatic reassessment of a key moment in the twentieth century **The Great War Generals on the Western Front 1914-18** Robin Neillands, 1999 This book attempts to shatter one of the most popular myths of our time that the catastrophic loss of life on the Western Front in 1914-1918 was entirely due to incompetent leadership In fact as the author shows a host of other more decisive factors played a part Why was Britain so unprepared for a European War in 1914 What contribution did Britain's allies really make on the battlefield Did anyone at the time understand the implications of trench warfare FDE Above all why was Britain's political machine so paralyzed and indecisive throughout the tragedy *The Great War and the British People* J. M. Winter, 1986 For those interested in military history in social history or in cultural history this book pointed the way to a new generation of scholarship in the Great War Its reissue issue with a new introduction locates this book within that ongoing historical conversation **BOOK JACKET The Great War** D. E. Marshall, 1988 **Belgium in the Great War** Jean-Michel Veranneman, 2018-11-30 A historian and former Belgian diplomat sheds light on the country's tumultuous experience during WWI In August of 1914 the German Empire invaded neutral Belgium in order to outflank the defenses of the French army Yet the Belgian army resisted managing to hold a small part of unoccupied Belgian territory north of Ypres until the Armistice of 1918 Because of their heroic defense Belgium and its King enjoyed enormous international prestige after the war Occupied Belgium suffered civilian executions and severe destruction It was widely stripped of its highly developed industrial infrastructure It was saved from starvation by food

shipments from the United States which came in via neutral Holland Four and a half years later Belgium emerged a different country with experiences that would leave a lasting on its spirit as well as wide ranging political implications **A History of England from the Conclusion of the Great War in 1815** Sir Spencer Walpole, 1890 *The Great War* Ian F. W. Beckett, 2014-01-14 The course of events of the Great War has been told many times spurred by an endless desire to understand the war to end all wars However this book moves beyond military narrative to offer a much fuller analysis of the conflict s strategic political economic social and cultural impact Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences for both soldiers and civilians for science and technology for national politics and for pan European revolution The war left a long term legacy for victors and vanquished alike It created new frontiers changed the balance of power and influenced the arts national memory and political thought The reach of this account is global showing how a conflict among European powers came to involve their colonial empires and embraced Japan China the Ottoman Empire Latin America and the United States The Great War Peter Hart, 2013 The Great War was the first truly global conflict and it changed the course of world history Empires fell others were crippled and new contenders emerged Economies crashed and millions would be affected by the Depression that followed Understanding The Great War is crucial to understanding the history of the twentieth century and the present day In this magnum opus critically acclaimed historian Peter Hart examines the conflict in every arena around the world in a history that combines cutting edge scholarship with vivid and unfamiliar eyewitness accounts from kings and generals and ordinary soldiers He focuses in particular on explaining how technology and tactics developed during the conflict and determined which battles were crucial to its outcome Combatants from every corner of Earth joined the fray but their voices are rarely heard together This is a major history of the conflict whose 100th anniversary is fast approaching **The Story of the Great War (Complete)** Various Authors, What lesson will America draw from the present Great War Must she see the heads of her own children at the foot of the guillotine to realize that it will cut or will she accept the evidence of the thousands which have lain there before Will she heed the lesson of all time that national unpreparedness means national downfall or will she profit from the experience and misfortunes of others and take those needed measures of preparedness which prudence and wisdom dictate In a word will she draw any valuable lessons from the Great War This is the question which is so often asked As yet there is no answer It is the question uppermost in the minds of all those who are intelligently interested in our country s welfare and safety It is the question which vitally concerns all of us as it concerns the defense and possibly the very existence of our nation The answer must be Preparedness If we are to live preparedness to oppose the force of wrong with the strength of right Will it be That s the question Or will America drift on blind to the lessons of the world tragedy heedless of consequences concerned with the accumulation of wealth satiated with a sense of moral worth which the world does not so fully recognize planning to capture the commerce of the

warring nations and expecting at the same time to retain their friendship and regard Let us hope that in the light of what is and as a preparation against what may be the answer will be characteristic of a great people peaceful but prudent and foreseeing that it will be thorough carefully thought out preparedness preparedness against war A preparedness which if it is to be lasting and secure must be founded upon the moral organization of our people an organization which will create and keep alive in the heart of every citizen a sense not only of obligation for service to the nation in time of war or trouble but also of obligation to so prepare himself as to render this service effective An organization which will recognize that the basic principle upon which a free democracy or representative government rests and must rest if they are to survive the day of stress and trouble is that with manhood suffrage goes manhood obligation for service not necessarily with arms in hand but for service somewhere in that great complex mass which constitutes the organization of a nation s might and resources for defense organization which will make us think in terms of the nation and not those of city State or personal interest organization which will result in all performing service for the nation with singleness of purpose in a common cause preparedness for defense preparedness to discharge our plain duty whatever it may be Such service will make for national solidarity the doing away with petty distinctions of class and creed and fuse the various elements of this people into one homogeneous mass of real Americans and leave us a better and a stronger people Once such a moral organization is accomplished the remaining organization will be simple This will include an organization of transportation on land and sea and of communications An organization of the nation s industrial resources so that the energy of its great manufacturing plants may be promptly turned into making what they can best make to supply the military needs of the nation By military needs we mean all the complex requirements of a nation engaged in war requirements which are many of them requirements of peace as well as of war It will also include a thorough organization of the country s chemical resources and the development thereof so that we may be as little dependent as possible upon materials from overseas At present many important and essential elements come from overseas nations and would not be available in case of loss of sea control

The Myth of the Great War John Mosier,2001 Based on previously unused French and German sources this challenging and controversial new analysis of the war on the Western front from 1914 to 1918 reveals how and why the Germans won the major battles with one half to one third fewer casualties than the Allies and how American troops in 1918 saved the Allies from defeat and a negotiated peace with the Germans

The Lost History of 1914 Jack Beatty,2012-02-02 In The Lost History of 1914 Jack Beatty examines the First World War and its causes testing against fresh evidence the long dominant assumption that it was inevitable Most books set in 1914 map the path leading to war Beatty writes this one maps the multiple paths that led away from it Radically challenging the standard account of the war s outbreak Beatty presents the assassination of Archduke Franz Ferdinand not as the catalyst of a war that would have broken out in any event over some other crisis but rather as its all but unique precipitant Chronicling largely forgotten events faced by each of the belligerent

countries in the months before the war started in August Beatty shows how any one of them a possible military coup in Germany the threat to Britain of civil war in Ireland the murder trial of the wife of the likely next premier of France who sought détente with Germany might have derailed the arrival of war Europe's ruling classes Beatty shows were so haunted by fear of those below that they mistook democratisation for revolution and were tempted to escape forward into war to head it off Beatty's deeply insightful book as elegantly written as it is thought provoking and probing lights a lost world about to blow itself up in what George Kennan called the seminal catastrophe of the twentieth century The Lost History of 1914 is a highly original and challenging work of history

The Great War Correlli Barnett, 2000 The catastrophe which overtook Europe from 1914 to 1918 was a conflict so terrible and so gigantic that it is referred to simply as The Great War In this text Correlli Barnett traces the history of the war from its origins in a Europe wracked with political and ethnic tensions through the years of bitter struggle appalling losses and destruction on a titanic scale to its bitter end in the fatally flawed armistice of 11th November 1918

A Brief History of the Great War Carlton Joseph Huntley Hayes, 2015-06-24 Excerpt from A Brief History of the Great War The following pages constitute a connected story of the late war from its origins to the conclusion of the Peace of Versailles not for the edification of experts military or other but rather for the enlightenment of the general reader and student A definitive history of the war will never be written it is much too early of course even to attempt it All that the author has here essayed to do is to sketch tentatively what seem to him its broad outlines domestic politics of the several belligerents no less than army campaigns and naval battles and in presenting his synthesis to be guided so far as in him lay by an honest desire to put heat and passion aside and to write candidly and objectively for the instruction of the succeeding generation The author is under special obligation to Messrs Dodd Mead and Company for the kind permission which they have accorded him of drawing freely upon the articles on The War of the Nations which he wrote in 1914 1915 and 1916 for their invaluable New International Year Book In the opening chapter of the present work the author has also incorporated a few paragraphs from the last chapter of his Political and Social History of Modern Europe to which in a way the Brief History of the Great War is supplementary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

A History of the Great War John Buchan, 1923

British Fighting Methods in the Great War Paddy Griffith, 1996 A collection of modern writings by leading experts on the war on the Western Front

Eventually, you will unquestionably discover a supplementary experience and exploit by spending more cash. yet when? reach you take that you require to get those all needs afterward having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will guide you to comprehend even more going on for the globe, experience, some places, afterward history, amusement, and a lot more?

It is your certainly own time to play-act reviewing habit. in the middle of guides you could enjoy now is **The Great War** below.

The Great War Introduction

In the digital age, access to information has become easier than ever before. The ability to download The Great War has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download The Great War has opened up a world of possibilities. Downloading The Great War provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading The Great War has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download The Great War. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading The Great War. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading The Great War, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download The Great War has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to

engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About The Great War Books

1. Where can I buy The Great War books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a The Great War book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of The Great War books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are The Great War audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read The Great War books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
