The Great Gatsby and Modern Times Ronald Berman, 1994 A stunning piece of work If Fitzgerald could have wished for one reader of The Great Gatsby it would have been Ronald Berman Berman's criticism creates an ideal companion piece to the novel as brilliantly illuminating about America as it is about fiction and composed with as much thought and style Roger Rosenblatt An impressive study that brilliantly highlights the oneness of Fitzgerald's art with the overall context of modernism Milton R Stern author of The Golden Moment The Novels of F Scott Fitzgerald Citing films dates places schedules Broadway newsstands and the spoils of manufacture the author never lapsing into critical jargon locates the characters in the moving present Gatsby the first of the great novels to emerge from B movies uses the language of commodities advertisements photography cinematography and Horatio Alger to present models of identity for characters absorbed in and by what is communicated Berman concludes that Gatsby reassembled rather than invented himself A Hirsh Choice

Literature and Modern Time Trish Ferguson, 2020-05-06 Literature and Modern Time is a collection of essays that explore literature in the context of a wave of challenges to linear conceptions of time introduced by thinkers such as Bergson Einstein McTaggart Freud and Nietzsche These challenges were not uniform in character The volume will demonstrate that literature of the era under scrutiny was not simply reacting to new theories of time in some cases it is actually inspiring and anticipating them Thus Literature and Modern Time promises to offer a genuine dialogue between literature and time theory and in doing so will uncover and examine influences and connections sometimes unexpected between philosophers and writers of the era It will examine literary attempts to transcend and escape time and also challenge rupture based accounts of modernist time by demonstrating that literary texts commonly associated with brokenness decline or stasis also at the same time maintain faith in healing renewal and mobility This collection contains interdisciplinary research of the quite highest kind to see so many different kinds of time narrative historical mechanical subjective non linear time myth and nostalgia as well as time space discussed here is very stimulating indeed Professor Simon James F. Scott Fitzgerald in the Twenty-First Century Jackson R. Bryer, Ruth Prigozy, Milton R. Stern, 2003-02-05 This thought provoking collection explores significant new facets of an American author of lasting international stature Edited by three eminent Fitzgerald scholars this fine book comprises nineteen incisive and provocative essays most written for this collection by well known Fitzgerald critics The content is as varied as the international origins of its authors Choice As the author of some of the most compelling short stories ever written two of the central novels in American literature and some of the most beautiful prose ever penned F Scott Fitzgerald is read and studied all over the world Sixty two years after his death his works protean provocative multilayered and rich continue to elicit spirited responses This collection grew out of the F Scott Fitzgerald Conference that convened in Princeton at the centennial of this author's birth Bringing together dozens of the world's leading scholars and commentators the conference and the book celebrate the ever growing legacy of Fitzgerald's art The subjects of these 19

essays reflect the contributors wish to shine new light on less frequently discussed aspects of Fitzgerald's work. Topics include Fitzgerald's Princeton influences and his expression of Catholic romanticism. His treatments of youth culture, the devil and waste parallels in the work of Mencken, Cather and Murakami and the ways gender pastoral mode humor and the Civil War are variously presented in his work. One illustrated summary examines Fitzgerald's effect on popular culture through his appearance in the comics. Two broad overviews, one on Fitzgerald's career and another on the final developments in the author's style, round out the collection. The international scope of the contributors to this volume reflects Fitzgerald's worldwide reputation and appeal. With extensive treatments of *This Side of Paradise*, *The Beautiful and Damned*, *The Last Tycoon* and the *Pat Hobby* stories, this collection makes an unusual and significant contribution to the field of Fitzgerald studies.

Books for Academic Libraries ,2002 Books recommended for undergraduate and college libraries listed by Library of Congress Classification Numbers *Empowering the West* Jay L. Brigham, 1998 Westerners were at the forefront of the debate over electric power development even before the construction of large federally owned dams in the 1930s. At the heart of this debate was a conflict between public power advocates and the private utility industry over control of the environment, a struggle that was played out in the political arena. In this book Jay Brigham describes that rivalry in the West in the years before the New Deal. Focusing on the conservative city of Los Angeles and its liberal counterpart Seattle as well as on several small towns in the Midwest, Brigham shows how fierce battles broke out as private and public systems competed for customers and how despite the differences between these two cities, public power ultimately triumphed in each.

The New Criterion ,1994 Fitzgerald, Hemingway, and the Twenties Ronald Berman, 2001 A noted scholar offers fresh ways of looking at two legendary American authors. Both F. Scott Fitzgerald and Ernest Hemingway came into their own in the 1920s and did some of their best writing during that decade. In a series of interrelated essays, Ronald Berman considers an array of novels and short stories by both authors within the context of the decade's popular culture, philosophy and intellectual history. As Berman shows, the thought of Fitzgerald and Hemingway went considerably past the limits of such labels as the Jazz Age or the Lost Generation. Both Fitzgerald and Hemingway were avid readers, alive to the intellectual currents of their day, especially the contradictions and clashes of ideas and ideologies. Both writers, for example, were very much concerned with the problem of untenable belief and also with the need to believe. In this light, Berman offers fresh readings of such works as Fitzgerald's *The Great Gatsby*, *Bernice Bobs Her Hair* and *The Diamond as Big as the Ritz* and Hemingway's *The Killers*, *A Farewell to Arms* and *The Sun Also Rises*. Berman invokes the thinking of a wide range of writers

in his considerations of these texts including William James Alfred North Whitehead Walter Lippman and Edmund Wilson Berman's essays are driven and connected by a focused line of inquiry into Fitzgerald's and Hemingway's concerns with dogma both religious and secular with new and old ideas of selfhood and particularly in the case of Hemingway with the way we understand explain and transmit experience Book Review Index, 2003 Vols 8-10 of the 1965-1984 master cumulation constitute a title index **Journal of American Studies**, 2003 **American Novel Explication, 1991-1995** Catherine Glitsch, 1998 Covers criticism of American novels found in journals and books published between the years 1991 and 1995
