Illusions H. Musgrave, 1887 Human Nature and the French Revolution Xavier Martin, 2001 What view of man did the French Revolutionaries hold Anyone who purports to be interested in the Rights of Man could be expected to see this question as crucial and yet surprisingly it is rarely raised Through his work as a legal historian Xavier Martin came to realize that there is no unified view of man and that alongside the official revolutionary discourse very divergent views can be traced in a variety of sources from the Enlightenment to the Napoleonic Code Michelet's phrases Know men in order to act upon them sums up the problem that Martin's study constantly seeks to elucidate and illustrate it reveals the prevailing tendency to see men as passive giving legislators and medical people alike free rein to manipulate them at will His analysis impels the reader to reevaluate the Enlightenment concept of humanism By drawing on a variety of sources the author shows how the anthropology of Enlightenment and revolutionary France often conflicts with concurrent discourses **Poems** J W.
