Sweets For My Sweet:

The History of Sweets Paul Chrystal, 2021-06-30 A chronicle of confectionaries throughout the centuries from honeycombs to Haribo There is much to get your teeth into within these pages Best of British Magazine We all remember sweets objects of pure delight and the endless cause of squabbles fights even hoarding and swapping a chance to gorge suck crunch and chew But they're by no means just a nostalgic thing of days past and it's not only children who love and devour sweets gobstoppers bulls eyes licorice seaside rock bubble gum and the like grown ups of all ages are partial to a good humbug or a lemon sherbet or two in the car annoyingly at the cinema or while out walking wherever and whenever the sweet is there the sweet delivers and the sweet rarely disappoints Sweets then are ubiquitous and enduring they cross age culture and gender boundaries and they have been around it seems forever This book tells the story of sweets from their primitive beginnings to their place today as a billion pound commodity with its sophisticated seductive packaging and sales advertising and marketing It explores the people's favorites past and present but there is also a dark side to sweets and this book does not shy away from the deleterious effect on health as manifested in obesity tooth decay and diabetes It delves into sweet and candy shops in supermarkets and markets retro sweet shops fudge makers vintage sweets online sweet manufacturing chocolate the grey line between sweets and medicines ancient and modern It goes round the world unwrapping sweets from different countries and cultures and it examines how immigrants from all nations have changed our own sweet world

The Hurricane Port Andrew Lees, 2011-09-01 Scousers believe they live in a special place one that has more in common with Salvador da Bahia New Orleans or Gdansk than anywhere in England and the city has always punched above its weight In less than a hundred years however Liverpool's image has declined from a major mercantile player known as the Second City of the Empire to what some social commentators have described as a cultural backwater remembered largely as the place where the Beatles were born In The Hurricane Port Andrew Lees reveals how Liverpool's pre eminence in the slave trade left an

indelible scar on the psychogeography of the city He also explores the roots of Liverpool's contrary nature its rebelliousness and its hedonism as well as some of the recent hurricanes that have battered the city including the anger of Toxteth Militants stand against Margaret Thatcher and the murder of James Bulger In this distinctly personal account Lees defines the characteristics of this Celtic enclave with her loudmouthed big hearted people who have created a city quite different from anywhere else in the world

The Long and Winding Road Vince Tracy,2013-06-06 There must have been a time when you just could not get a certain song out of your head Perhaps it was the last sound played at the disco or perhaps theres a certain riff in a song that haunts you Perhaps its one of those songs which have a special meaning for you or a special person in your life Whatever the reason we all have had musical influences throughout our life and some we have deliberately chosen whilst others have crept in because we watch television and listen to the radio We also have been subjected to other musical influences from shops restaurants churches dance halls and anyone whistling or singing near us Why was it almost impossible to remember Shakespeares quotations when I tried to learn them for school yet I can remember words to songs without even trying to memorise them As someone who has made a living from playing music for others to listen to it has interested me greatly to find out whether any of the records which have made the popular music charts has had a greater influence on me than I have realized I will also try to remember the words to the songs I heard in my younger years without using either reference books or a safety net I will also attempt to put the music in some kind of time frame looking at what else was happening aside from the music I will also identify how my own appreciation of music has evolved and that charts become less important with age This will be the basis of a large part of my book I will also try to show that I have had to show a good amount of true grit and determination in order to eventually find the job I had always wanted from my childhood days of listening to Radio Luxembourg and Radio Caroline Moreover it takes a lifetime to really see your priorities Join me now in my musical voyage of discovery
