What Does Islam Mean in Today's World? William Stoddart,2012-06-16 Nowadays the religion of Islam which is still relatively unknown in the West is forcefully brought to the public s attention by the acts and threats of the Islamic terrorists

As a result the question is repeatedly asked What kind of religion is this The aim of this book is to argue that today traditional Christianity has nothing to fear from traditional Islam In spite of appearances the two ancient religions are really allies they have common enemies and they are united in their opposition to all kinds of modern errors and immoralities including materialism and secularism Consequently a true notion of Islam and indeed of every complete and uncorrupted religion is what the present book taken in its entirety is all about In surveying Islam Stoddart provides a wealth of relevant background information and an illuminating treatise on traditional art highlighting the often neglected role of art and beauty in spirituality The text is accompanied by a map and seven colour illustrations Partners in Wonder Eric Leif

Davin,2005-12-07 Partners in Wonder revolutionizes our knowledge of women and early science fiction Contrary to accepted interpretations women fans and writers were a welcome and influential part of pulp science fiction from the birth of the genre Davin finds that at least 203 female authors under their own female names published over a thousand stories in science fiction magazines between 1926 and 1965 This work explores the distinctly different form of science fiction that females produced one that was both more utopian and more empathetic than that of their male counterparts Partners in Wonder presents for the first time a complete bibliography of every story published by women writers in science fiction magazines from 1926 to 1965 and brief biographies on 133 of these women writers It is thus the most comprehensive source of information on early women science fiction writers yet available and of great importance to scholars of women s studies popular culture and English literature as well as science fiction The Sword Woman Robert Ervin Howard,1977
