**Ian Pickup**

## **Symphonic Celebration:**

Ghibliverse Jake Cunningham, Michael Leader, 2024-10-10 Step beyond the magical movies and explore the wider world of Studio Ghibli Hailed as perhaps the greatest animation studio in the world Studio Ghibli's influence extends far further than the cinema screen Ghibliverse plots a course through the universe outside the films the wonderful web of inspiration and influences that are ripe and waiting for Ghibli fans to enjoy From manga and rare movies to forgotten television series and brand new theme parks and from literary masterpieces and rival studios to soundtracks and secret short films expert authors and hosts of the hit Ghibliotheque podcast Michael Leader and Jake Cunningham show that the magic doesn't stop when the film credits roll

The New York Philharmonic John Canarina, 2010-09 Amadeus The New York Philharmonic from Bernstein to Maazel continues the story of America's oldest orchestra as told in Howard Shanet's Philharmonic A History of New York's Orchestra That volume ended with the 1970-71 season just before the arrival of Pierre Boulez as music director Obviously much has happened since This book begins however with a retrospective account of the controversial last years of the tenure of Dimitri Mitropoulos and the ascendancy of Leonard Bernstein to the music directorship Having been a Philharmonic assistant conductor during Bernstein's tenure and an inveterate Philharmonic watcher ever since the author brings some personal insights to the story as well as moments of humor A sub theme of the book concerns the way the Philharmonic and its music directors have been treated by the New York press the Times in particular Howard Taubman's attacks on Mitropoulos Harold Schonberg's on Bernstein and Donal Henahan's on Zubin Mehta are all covered here as are the writings of various critics on those and other conductors and on the orchestra itself The New York Philharmonic is the only orchestra ever to undertake a foreign tour solely on the initiative of its musicians without benefit or support from management How this came about is chronicled as are the opening of Lincoln Center the Parks Concerts Promenades Prospective Encounters Rug Concerts tours and of course the subscription seasons John Canarina shows how the New York Philharmonic weathered extraordinary ups and downs during this period while remaining a vital component of New York's cultural life

Composing for the State Esteban Buch, Igor Contreras Zubillaga, Manuel Deniz Silva, 2016-01-27 Under the dictatorships of the twentieth century music never ceased to sound Even when they did not impose aesthetic standards these regimes tended to favour certain kinds of art music such as occasional works for commemorations or celebrations symphonic poems cantatas and choral settings In the same way composers who were more or less ideologically close to the regime wrote pieces of music on their own initiative which amounted to a support of the political order This book presents ten studies focusing on music inspired and promoted by regimes such as Nazi Germany Fascist Italy France under Vichy the USSR and its satellites Franco's Spain Salazar's Portugal Maoist China and Latin American dictatorships By discussing the musical works themselves whether they were conceived as ways to provide music for the people to personally honour the dictator or to participate in State commemorations of glorious historical events the book examines the relationship between the composers and the State

This important volume therefore addresses theoretical issues long neglected by both musicologists and historians What is the relationship between art music and propaganda How did composers participate in musical life under the control of an authoritarian State What was specifically political in the works produced in these contexts How did audiences react to them Can we speak confidently about State music In this way *Composing for the State Music in Twentieth Century Dictatorships* is an essential contribution to our understanding of musical cultures of the twentieth century as well as the symbolic policies of dictatorial regimes

**Symphony Orchestras of the United States** Robert R. Craven, 1986-03-26 Because many readers may simply wish to browse the book or enjoy individual profiles the volume may be useful in a variety of libraries serving both general users and researchers Reference Books Bulletin
