## The Great Gates:

Sarchedon; a legend of the great queen George John Whyte-Melville,1900      **The Lost Gate** Orson Scott

Card,2011-01-04 Orson Scott Card's The Lost Gate is the first book in the Mithermages series from the New York Times bestselling author of Ender's Game Danny North knew from early childhood that his family was different and that he was different from them. While his cousins were learning how to create the things that commoners called fairies ghosts golems trolls werewolves and other such miracles that were the heritage of the North family Danny worried that he would never show a talent never form an outself. He grew up in the rambling old house filled with dozens of cousins and aunts and uncles all ruled by his father. Their home was isolated in the mountains of western Virginia far from town far from schools far from other people. There are many secrets in the House and many rules that Danny must follow. There is a secret library with only a few dozen books and none of them in English but Danny and his cousins are expected to become fluent in the language of the books. While Danny's cousins are free to create magic whenever they like they must never do it where outsiders might see. Unfortunately there are some secrets kept from Danny as well. And that will lead to disaster for the North family. *The Revival of the Anu Cult and the Nocturnal Fire Ceremony at Late Babylonian Uruk* Julia Krul,2018-04-17 In *The Revival of the Anu Cult and the Nocturnal Fire Ceremony at Late Babylonian Uruk* Julia Krul offers a comprehensive study of the rise of the sky god Anu as patron deity of Uruk in the Late Babylonian period ca 480-100 B.C. She reconstructs the historical development of the Anu cult its underlying theology and its daily rites of worship with a particular focus on the yearly nocturnal fire ceremony at the Anu temple the BtR. Providing the first in depth analysis of the ceremony Julia Krul convincingly identifies it as a seasonal renewal festival with an important exorcistic component but also as a reinforcement of local hierarchical relationships and the elite status of the Anu priesthood. With this study Krul adds significantly to the research on Babylonian temple rituals in general providing a useful methodology and survey of secondary sources. This book offers an excellent in depth analysis of the nocturnal fire ceremony as it could have been celebrated at Hellenistic Uruk. It forms a good starting point for comparison with and further study of other Late Babylonian rituals from both Uruk and Babylon. Cline Debourse Vienna in *Wiener Zeitschrift für die Kunde des Morgenlandes* 109 2019 The book is essentially a commentary on a late cuneiform text from 3rd century BCE Uruk describing a nocturnal sacrificial ritual held annually on the winter solstice 16 Tevet. The text itself is well known having first been published by F. Thureau-Dangin in his classic work *Rituels accadiens* 1921 but this book is the most comprehensive far reaching commentary on this important text with valuable extraneous information. There is much valuable data in this book regarding late Babylonian ritual practice couched in an informative narrative. Markham J. Geller *Journal for the Study of the Old Testament*
