The Gospels Interpreting Biblical Texts

Franklin Scott Spencer

The Gospels Interpreting Biblical Texts:

The Gospel of Luke and Acts of the Apostles Franklin Scott Spencer, 2008 In keeping with the goals of the series this volume provides an introductory guide to readers of the New Testament books of Luke and Acts It focuses on both the synchronic and diachronic dimensions of the literature in an effort to acquaint readers with literary historical and theological issues that will facilitate interpretation of these important books

The Gospel of Mark Donald H. Juel, 2011-09-01 This volume is written for anyone who for whatever reason is drawn to the New Testament It is also for those who are not so drawn for it is written out of the conviction that good readers need to be formed Anyone can read the Bible no particular level of education is required but readers need to learn what to look for in stories that may seem distant and strange The long tradition of reading the Scriptures in the church is not the enemy in such an enterprise but audiences change and the Bible must be heard and wrestled with in each new situation This volume focuses on the Gospel according to Mark probably the first of the four Gospels to be written It has received the least attention of the four in the history of the church The explosion of Markan scholarship in the last decades tells a fascinating story that is not the focus of this study but informs it The result of intense engagement with Mark within and outside the academic community has not achieved a meeting of the minds Mark's Gospel does not easily yield its secrets It is the case however that conversing about Mark has been enormously interesting and productive for the church as well as the academy This volume is written to open readers to its remarkable story Where engagement will finally lead remains as unpredictable and as promising as the Gospel itself

Interpreting the Bible and Aristotle in Late Antiquity Dr John W Watt, Dr Josef Lössl, 2013-07-28 This book brings together sixteen studies by internationally renowned scholars on the origins and early development of the Latin and Syriac biblical and philosophical commentary traditions It casts light on the work of the founder of philosophical biblical commentary Origen of Alexandria and traces the developments of fourth and fifth century Latin commentary techniques in writers such as Marius Victorinus Jerome and Boethius The focus then moves east to the beginnings of Syriac philosophical commentary and its relationship to theology in the works of Sergius of Reshaina Probus and Paul the Persian and the influence of this continuing tradition in the East up to the Arabic writings of al Farabi There are also chapters on the practice of teaching Aristotelian and Platonic philosophy in fifth century Alexandria on contemporaneous developments among Byzantine thinkers and on the connections in Latin and Syriac traditions between translation from Greek and commentary With its enormous breadth and the groundbreaking originality of its contributions this volume is an indispensable resource not only for specialists but also for all students and scholars interested in late antique intellectual history especially the practice of teaching and studying philosophy the philosophical exegesis of the Bible and the role of commentary in the post Hellenistic world as far as the classical renaissance in Islam

The Gospel of Matthew Donald Senior, 1997 Biblical texts create worlds of meaning and invite readers to enter them When readers enter such textual worlds which are often strange and complex they are

confronted with theological claims With this in mind the purpose of the Interpreting Biblical Texts series is to help dedicated students in their experience of reading and interpreting by providing guides for their journeys into textual worlds The controlling perspective is expressed in the operative word of the title interpreting The primary focus of the series is not so much on the world behind the texts or out of which the texts have arisen as on the worlds created by the texts in their engagement with readers In this volume Donald Senior provides an up to date introduction to the Gospel of Matthew The seven chapters of Part One focus on modern biblical scholarship and the interpretation of Matthew discussing the sources and structure of the Gospel its use of the Old Testament its understanding of Jewish Law its setting as a part of the mission of Christianity to the Gentiles its Christology its understanding of the nature of discipleship and the community from which the Gospel originated The six chapters of Part Two provide a structured guide to reading and interpreting Matthew s Gospel

The Bible in Theology and Preaching Donald K. McKim,1999-05-05 **The Kingship of Jesus in the Gospel of John** Sehyun Kim,2018-08-21 This book studies kingship with reference to the Johannine Jesus Postcolonialism leads us to an avenue from which to read this Gospel in the more complex and wider context of the hybridized Jewish and Greco Roman worlds of the Roman Empire in the first century CE This provides a new perspective on the kingship of the Johannine Jesus whose kingly identity is characterized by hybridized christological titles For the Johannine readers in the first century who were exploited oppressed yet at odds with both the colonizer and the colonized in the Roman Empire this Gospel was deemed to reveal his identity Using many christological titles it presented Jesus as the universal king going beyond the Jewish Messiah s and the Roman emperors and also as the decolonizer who came to his own world to liberate his people from the darkness In this respect the ideology of the Johannine emphasizes that love peace freedom service of the center for the margins and forgiveness are the ruling forces in the new world where Jesus reigns as king Raising an awareness of these ideologies John s gospel asks readers to overcome the conflicting world shrouded in darkness thenceforth entering the new Johannine world

Acts: An Earth Bible Commentary

Michael Trainor, 2020-02-20

The gospel of Luke presents an ecological symphony that reveals a Jesus connected to Earth His ministry touches all aspects of creation human and non human and invites disciples into an ecological asceticism This same spirit continues in the Acts of the Apostles In this Earth Bible Commentary on Acts Michael Trainor allows our environmental concerns to shape his interpretative approach and thus ecological nuances emerge Luke's household of disciples imbued with the spirit of the risen Jesus to embrace the world and bring to it a word of reconciliation embark on this mission This formally begins at Pentecost with their reception of God's creative and renewing Spirit that empowers them as Earth's children From this moment an explosion of activity moves them over Earth's lands beginning in Jerusalem Earth's navel Acts 1 1 8 1 into Samaria the space in between that navel and Galilee the garden of God's earthly delights Acts 8 2 11 17 to the ends of Earth Rome Acts 11 18 28 33 As we trace Luke's vast geographical journey around the Mediterranean key moments highlight fresh environmental insights that offer new hope for contemporary disciples seeking ecological affirmation at this particular time in world history
