**Thomas Hodgkin**

## **The Gothic Line:**

**The Gothic Line** Mark Zuehlke, 2003 Stretching like an armor toothed belt across Italy's upper thigh the Gothic Line was the most fiercely defended position of Hitler's army but a bloody 28 day offensive led by Canada's first Infantry Division ruptured the German defenses and opened the way for an Allied advance Through the vivid stories of the soldiers who fought there this dramatic book recounts a forgotten part of Canadian history and captures the horror and glory Canadians found on the remote battlefield of a far off land

**At War on the Gothic Line** Christian Jennings, 2016-03-08

Christian Jennings's *At War on the Gothic Line* tells the little known story of the Allied effort to break the German defenses in Northern Italy told through the eyes of the multi national force that fought it In the autumn of 1944 as Patton's army paraded through Paris another Allied force was gathering in southern Italy Spearheaded by over 100 000 American troops this vast international army was faced with a grim task break The Gothic Line a series of interconnected German fortifications that stretched across the mountains of northern Italy Striving to reach Europe's vulnerable underbelly before the Red Army these Allied soldiers fought uphill against entrenched enemies in some of the final and most brutal battles of the Second World War In *At War on the Gothic Line* veteran war correspondent and historian Christian Jennings provides an unprecedented look inside this unsung but highly significant campaign Through the eyes of thirteen men and women from seven different countries Jennings brings history to life as he vividly recounts the courageous acts of valor performed by these soldiers facing overwhelming odds even as many experienced discrimination at the hands of their allies and superiors Witness the courage of a young Japanese American officer willing to die for those under his command Lie in wait with a troop of Canadian fur trappers turned snipers Creep along mountain paths with Indian warriors as they assault fortified positions in the dead of night Learn to fear a one armed SS Major guilty of some of the most atrocious war crimes in the European theater All these stories and more pack the pages of this faced paced action heavy history taking readers inside one of the most important and least discussed campaigns of World War Two
