

The Grammar Of Kiowa

Laurel J. Watkins, Parker McKenzie

The Grammar Of Kiowa:

The Design of Learning Experience Brad Hokanson, Gregory Clinton, Monica W. Tracey, 2015-07-03 This book delves into two divergent yet parallel themes first is an examination of how educators can design the experiences of learning with a focus on the learner and the end results of education and second how educators learn to design educational products processes and experiences The book seeks to understand how to design how learning occurs both in the instructional design studio and as learning occurs throughout the world This will change the area s semantics at a deeper level it will change its orientation from instructors and information to learners and it will change how educators take advantage of new and old technologies This book is the result of a research symposium sponsored by the Association for Educational Communications and Technology AECT

A Grammar of Kiowa Laurel J. Watkins, Parker McKenzie, 1984

Native American Language Ideologies Paul V. Kroskrity, Margaret C. Field, 2009-04-15 Beliefs and feelings about language vary dramatically within and across Native American cultural groups and are an acknowledged part of the processes of language shift and language death This volume samples the language ideologies of a wide range of Native American communities from the Canadian Yukon to Guatemala to show their role in sociocultural transformation These studies take up such active issues as insiderness in Cherokee language ideologies contradictions of space time for the Northern Arapaho language socialization and Paiute identity and orthography choices and language renewal among the Kiowa The authors including members of indigenous speech communities who participate in language renewal efforts discuss not only Native Americans conscious language ideologies but also the often revealing relationship between these beliefs and other more implicit realizations of language use as embedded in community practice The chapters discuss the impact of contemporary language issues related to grammar language use the relation between language and social identity and emergent language ideologies themselves in Native American speech communities And although they portray obvious variation in attitudes toward language across communities they also reveal commonalities notably the emergent ideological process of iconization between a language and various national ethnic and tribal identities As fewer Native Americans continue to speak their own language this timely volume provides valuable grounded studies of language ideologies in action those indigenous to Native communities as well as those imposed by outside institutions or language researchers It considers the emergent interaction of indigenous and imported ideologies and the resulting effect on language beliefs practices and struggles in today s Indian Country as it demonstrates the practical implications of recognizing a multiplicity of indigenous language ideologies and their impact on heritage language maintenance and renewal

The Comanche Code Talkers of World War II William C. Meadows, 2009-03-06 The true story of the US Army s Comanche Code Talkers from their recruitment and training to active duty in World War II and postwar life Among the allied troops that came ashore in Normandy on D Day June 6 1944 were thirteen Comanches in the 4th Infantry Division 4th Signal Company Under German fire they laid communications lines and began sending messages in

a form never before heard in Europe coded Comanche For the rest of World War II the Comanche Code Talkers played a vital role in transmitting orders and messages in a code that was never broken by the Germans This book tells the full story of the Comanche Code Talkers for the first time Drawing on interviews with all surviving members of the unit their original training officer and fellow soldiers as well as military records and news accounts William C Meadows follows the group from their recruitment and training to their active duty in World War II and on through their postwar lives up to the present He also provides the first comparison of Native American code talking programs comparing the Comanche Code Talkers with their better known Navajo counterparts in the Pacific and with other Native Americans who used their languages coded or not for secret communication Meadows sets this history in a larger discussion of the development of Native American code talking in World Wars I and II identifying two distinct forms of Native American code talking examining the attitudes of the American military toward Native American code talkers and assessing the complex cultural factors that led Comanche and other Native Americans to serve their country in this way Of all the books on Native American service in the U S armed forces this is the best Readers will find the story of the Comanche Code Talkers compelling humorous thought provoking and inspiring Tom Holm author of *Strong Hearts Wounded Souls Native American Veterans of the Vietnam War* **A Companion to the**

Anthropology of American Indians Thomas Biolsi, 2008-04-15 This Companion is comprised of 27 original contributions by leading scholars in the field and summarizes the state of anthropological knowledge of Indian peoples as well as the history that got us to this point Surveys the full range of American Indian anthropology from ecological and political economic questions to topics concerning religion language and expressive culture Each chapter provides definitive coverage of its topic as well as situating ethnographic and ethnohistorical data into larger frameworks Explores anthropology s contribution to knowledge its historic and ongoing complicities with colonialism and its political and ethical obligations toward the people studied **Annual Reports** ,1898 **New Perspectives on Racial Identity Development** Charmaine

Wijeyesinghe, Bailey W. Jackson, 2012-07-30 For well over a century the United Fruit Company UFCO has been the most vilified multinational corporation operating in Latin America Criticism of the UFCO has been widespread ranging from politicians to consumer activists and from labor leaders to historians all portraying it as an overwhelmingly powerful corporation that shaped and often exploited its host countries In this first history of the UFCO in Colombia Marcelo Bucheli argues that the UFCO s image as an all powerful force in determining national politics needs to be reconsidered Using a previously unexplored source the internal archives of Colombia s UFCO operation Bucheli reveals that before 1930 the UFCO worked alongside a business friendly government that granted it generous concessions and repressed labor unionism After 1930 however the country experienced dramatic transformations including growing nationalism a stronger labor movement and increasing demands by local elites for higher stakes in the banana export business In response to these circumstances the company abandoned production selling its plantations and labor conflicts to local growers while transforming itself into a

marketing company The shift was endorsed by the company's shareholders and financial analysts who preferred lower profits with lower risks and came at a time in which the demand for bananas was decreasing in America Importantly Bucheli shows that the effect of foreign direct investment was not unidirectional Instead the agency of local actors affected corporate strategy just as the UFCO also transformed local politics and society Annual Report of the Bureau of American Ethnology to the Secretary of the Smithsonian Institution Smithsonian Institution Bureau of American Ethnology,1898 **Annual Report of the Bureau of Ethnology** Smithsonian Institution. Bureau of American Ethnology,1891 **Annual Report of the Bureau of Ethnology to the Secretary of the Smithsonian Institution** Smithsonian Institution.
