**Evolution-Revolution** Ervin Laszlo,Rubin Goetsky,2019-07-18 Originally published in 1971 Evolution Revolution is an interdisciplinary volume examining inquiry around the central topic of evolution and revolution Containing contributions from a number of eminent academics of the time the book addresses the meaning and application of evolution and revolution in the context not of what things are or even how they behave but how they become The broad interdisciplinary range of essays explores this concept through the idea of development and change and argues that both change and development must be measured against concepts of flux and that which endures The editors of the book suggest that these are the invariants which contemporary thinkers are beginning to accept as the process counterparts of Platonic immutables Thus this volume examines the two immutables of evolution and revolution The book covers the concept through essays in science philosophic concepts of rationalism and existentialism art and religion

**Perelman's New Rhetoric as Philosophy and Methodology for the Next Century** M. Maneli,2013-03-14 Both Perelman s collaborators Professors Haarscher and Ingber shared with me their deep personal insights about origins birth and phases of the development of the New Rhetoric Without their good will advice and creative comments my personal knowledge would have been narrower I am grateful to the Chaim Perelman Foundation for their grant which enabled me to cover my expenses of collecting materials editing and preparing the manuscript Professor Michel Meyer was very instrumental in the negotiations with the publisher Mr Raphael Lipski treasurer of the Perelman Foundation spent many hours with me and shared his remembrances of Perelman s personality his social and political activity lowe special thanks to Dr Richard Kramer whose friendship I cherish for a quarter of a century He read and edited not only the entire text of the book but he offered many critical remarks and constructive suggestions which helped me to revise my own ideas and to formulate them more clearly and precisely The first critical reader and editor was as

usual Mrs Elizabeth Previti Professor Elzbieta Ettinger Chodakowska MIT read this entire manuscript and shared with me her impressions lowe special gratitude to my dear friend Mrs Stephanie Silvers for her steady help and moral support  
Needless to say I am solely responsible for all the deficiencies of this book *Practical Reasoning in Human Affairs* J. L. Golden, J. J. Pilotta, 2012-12-06 This anthology of original essays has been nearly two and one half years in the making and reflects the generous effort of many persons To begin with we thank the contributors to the volume who not only cooperated with regards to their own works but who also provided valuable advice concerning the over all volume One of the contributors was outstanding in his assistance and warrants special mention we thank Professor Michel Meyer for his encouragement counsel and dedication to see this project to comple tion We would also like to thank Professor Jaakko Hintikka for his encouragement and Mrs Kuipers of Reidel for her patience and under standing along the way A project such as this could never have been completed without the unique assistance of members of the Department of Communication Ohio State University Ms Kimberly Pasi and Mr Charles Mawhirtcr Also special thanks are due to our graduate research assistant Ms Susan Jasko for her proofreading and bibliographic work The pressures of developing a Festschrift are considerable and could not have been met without the cooperation and enthusiasm of Mrs Perelman especially in allowing us to publish Professor Perelman s address to Ohio State University as our introduction *Black Men from behind the Veil* George Yancy, 2022-01-14 The Black male scholars within this important book are painfully aware that the brutal murder of George Floyd was not due to a few bad apples They understand that they are perceived as threats and criminals within a distorted white imaginary that is embedded with processes of mythopoetic construction racial capitalism and a deep anti Black male social ontology Edited by prominent philosopher George Yancy Black Men from behind the Veil Ontological Interrogations emphasizes the importance of Black male epistemic agency and the courage to speak the truth regarding an America that values Black male life on the cheap and that attempts to control the movement of Black men their capacity to breathe and their being through anti Black technologies of surveillance confinement policing and white nation building There is no single monolithic Black male voice that dominates this crucial and necessary text Each voice speaks of pain behind the Veil revealing narrative specificity and an important recursive truth Black men within the white American psyche are both necessary and yet disposable The existential and sociohistorical weight of this truth is made painfully clear through the voices of these Black men *The New Rhetoric and the Humanities* Ch. Perelman, 2012-12-06 Modern logic has Wldergone some remarkable developments in the last hun dred years These have contributed to the extraordinary use of formal logic which has become essentially the concern of mathematicians This has led to attempts to identify logic with formal logic The claim has even been made that all non formal reasoning to the extent that it cannot be formalized no longer belongs to logic This conception leads to a genuine impoverishment of logic as well as to a narrow conception of reason It means that as soon as demonstrative proofs are no longer available reason will no longer dominate Even the idea of the reasonable becomes

foreign to logic and such expressions as reasonable decisions reasonable choice or reasonable hypotheses would be put aside as meaningless The domain of action including methodology and everything that is given over to deliberation or controversy i.e. foreign to formal logic would become a battleground where necessarily the reason of the strongest would always prevail    The great ideas today. 1988 [Anonymus AC01265606],1988    Great Ideas Today ,1979    **Great Ideas Today** ,1961    **Catalog of Copyright Entries.
