Great Warrior Leaders/thinkers, 1989 **Douglas MacArthur** Stephanie Sammartino McPherson, 2004-12-01
Examines the life and career of Douglas MacArthur including his childhood education and military experience **General Walter Krueger** Kevin C. Holzimmer, 2007 A military biography of the general who led the U S Sixth Army in the Southwest Pacific in World War II including grueling jungle campaigns in New Britain and New Guinea and who was subsequently chosen by General MacArthur to lead the ground invasion of both the Philippines and Japan *MacArthur's Jungle War* Stephen R. Taaffe, 1998 His book tells not only how victory was gained through a combination of technology tactics and army navy cooperation but also how the New Guinea campaign exemplified the strategic differences that plagued the Pacific War since many high ranking officers considered it a diversionary tactic rather than a key offensive *The Media Offensive* Alexander G. Lovelace, 2022-05-25 World War II was a media war President Franklin D Roosevelt used the press to a great extent of course but as the war progressed the media also came to influence commanders decisions on the battlefield Rescuing General Douglas MacArthur from the Philippines in deference to public opinion forced the Allies to divide the Pacific War between two competing theaters Omar Bradley s concern over US public opinion convinced General Dwight D Eisenhower to include Americans in the final assault against Axis forces in Tunisia General George S Patton Jr raced across Sicily to gain media attention and British respect General Mark Clark s hunger for publicity and the glory of capturing Rome allowed an entire German army to escape destruction Negative media pressure and the fear of V 1 bombs damaging British morale provided the impetus for the breakout of Normandy and the unsuccessful attempt to liberate the Netherlands in the fall of 1944 British general Bernard Montgomery s remarks to the press during the Battle of the Bulge almost caused him to lose his command and created tremendous ill feelings among the Allies Soon afterward Eisenhower was forced to hold the dangerously exposed city of Strasbourg because of French public opinion By V E Day even Eisenhower was attempting to get more publicity for American as opposed to Allied units The Media Offensive offers a new way to understand military media relations during World War II The press and public opinion shaped not only how the conflict was seen but also how it was fought Alexander Lovelace demonstrates that the US military repeatedly discovered that the best effects resulted from accurate news stories Truthful news reporting defined as news reporting that accurately depicts the events it describes could not be created by the military or even the media but could only emerge through a free press searching for it Lovelace recasts World War II in a new and unique fashion by placing media and public opinion at the center of battlefield decision making Unlike past scholarship on the media during World War II that focused on censorship propaganda or the adventure stories of war correspondents The Media Offensive takes the historiography of war reporting in a new direction In what could be called

the new history of war reporting the focus is switched from how the military controlled reporters to how military decisions were shaped by the press *Island Infernos* John C. McManus, 2021-11-09 In Fire and Fortitude winner of the Gilder Lehrman Prize for Military History John C McManus presented a riveting account of the US Army's fledgling fight in the Pacific following Pearl Harbor Now in *Island Infernos* he explores the Army's dogged pursuit of Japanese forces island by island throughout 1944 a year that would bring America ever closer to victory or defeat A feat of prodigious scholarship The Wall Street Journal Wonderful St Louis Post Dispatch Outstanding Publishers Weekly Rich and absorbing Richard Overy author of *Blood and Ruins* A considerable achievement and one that importantly adds much to our understanding of the Pacific War James Holland author of *Normandy 44* After some two years at war the Army in the Pacific held ground across nearly a third of the globe from Alaska's Aleutians to Burma and New Guinea The challenges ahead were enormous supplying a vast number of troops over thousands of miles of ocean surviving in jungles ripe with dysentery malaria and other tropical diseases fighting an enemy prone to ever more desperate and dangerous assaults Yet the Army had proven they could fight Now they had to prove they could win a war Brilliantly researched and written *Island Infernos* moves seamlessly from the highest generals to the lowest foot soldiers and in between capturing the true essence of this horrible conflict A sprawling yet page turning narrative the story spans the battles for Saipan and Guam the appalling carnage of Peleliu General MacArthur's dramatic return to the Philippines and the grinding jungle combat to capture the island of Leyte This masterful history is the second volume of John C McManus's trilogy on the US Army in the Pacific War proving McManus to be one of our finest historians of World War II Great Military Leaders William T. Worthington, 2002 *Great Military Leaders A Bibliography with Vignettes* *General Orders*, 1990 **Indiana Military History Journal**, 1985 The Journal of the Oklahoma State Medical Association, 1988 The Southwest Pacific Campaign, 1941-1945 Eugene L. Truman and MacArthur Michael D.
