*The Genesi Project* Lynn S. Mostafa, 2004-02      **The Genesis of Neo-Kantianism, 1796-1880** Frederick C.

Beiser, 2014-11-27 Frederick C Beiser tells the story of the emergence of neo Kantianism from the late 1790s until the 1880s He focuses on neo Kantianism before official or familiar neo Kantianism i e before the formation of the various schools of neo Kantianism in the 1880s and 1890s which included the Marburg school the Southwestern school and the G ttingen school Beiser argues that the source of neo Kantianism lies in three crucial but neglected figures Jakob Friedrich Fries

**Postmodernism: Legal studies, psychoanalytic studies, visual arts and architecture** Victor E. Taylor, Charles E. Winquist, 1998 *Dramatic Events* shows you how to stimulate workshop participants through a series of exercises and examples to release their energy to free their bodies and their voices to listen to think to be creative to engage in focussed exchanges with other people to take risks and to watch others and learn      British Literature and Spirituality Franz Karl Wöhrer, John S. Bak, 2013 This book reflects the current state of research in the field of the spiritual in British literature where spirituality is understood as a culturally determined universal phenomenon or a factuality of humanity consisting of the living apprehension of the Sacred during rare gratuitous moments of illumination With critical essays by scholars working in various disciplines English studies music the arts psychology theology etc the book explores a corpus of encoded narratives of as well as reflections on the Sacred in British literature from the Late Middle Ages to the present Multi disciplinary in nature and interdisciplinary in method *British Literature and Spirituality* illustrates the hermeneutic potential of readings that transcend the disciplinary boundaries of spiritual writings Series Austria Forschung und Wissenschaft Literatur und Sprachwissenschaft Austria Research and Science Literature and Linguistics Vol 24      **Deeper Learning with Psychedelics** David J. Blacker, 2024-06-01 In both clinical and informal settings psychedelics users often report they have undergone something profound and even life altering Yet there persists a confounding inability to articulate just what has been imparted Informed by multidisciplinary emerging research this book provides an account of the specifically educational aspects of psychedelics and how they can render us ready to learn Drawing from indigenous peoples worldwide who typically revere these substances as plant teachers and from canonical thinkers in the western tradition such as Plato Spinoza Kant and Heidegger the author proposes an original set of categories through which to understand the educational capabilities of entheogens psychedelics with visionary qualities It emerges that entheogens real power lies not in destabilizing and decentering turning on and dropping out but as powerful aids in restoring and reenchanting our shared worlds      Modern Muslim Theology Martin Nguyen, 2018-08-10 This book aims to bring Muslim theology into the present day Rather than a purely academic pursuit *Modern Muslim Theology* argues that theology is a creative process and discusses how the Islamic tradition can help contemporary practitioners negotiate their relationships with God with one another and with the rest of creation      The Christian Century , 1941      The Christian Life , 1882      **Russian Archaism** Irina

Shevelenko,2024-08-15 Russian Archaism considers the aesthetic quest of Russian modernism in relation to the nation building ideas that spread in the late imperial period Irina Shevelenko argues that the cultural milieu in Russia where the modernist movement began as an extension of Western trends at the end of the nineteenth century soon became captivated by nationalist indoctrination Members of artistic groups critics and theorists advanced new interpretations of the goals of aesthetic experimentation that would allow them to embed the nation building agenda within the aesthetic one Shevelenko s book focuses on the period from the formation of the World of Art group 1898 through the Great War and encompasses visual arts literature music and performance As Shevelenko shows it was the rejection of the Russian westernized tradition informed by the revival of populist sensibilities across the educated class that played a formative role in the development of Russian modernist agendas particularly after the 1905 revolution Russian Archaism reveals the modernist artistic enterprise as a crucial source of insight into Russia s political and cultural transformation in the early twentieth century and beyond
