The Gift Of Immortality Myths Of Power And Humanist Poetics:

The Gift of Immortality Stephen Murphy, 1997 This book considers the boast of literary power to glorify or immortalize a topos of enormous popularity Focusing on representative figures of Renaissance humanism and the roots of the topos in antiquity author Stephen Murphy elaborates a complex myth of poetic power This myth constructed with the help of such theorists as Ernst Cassirer Giambattista Vico Marcel Mauss and Theodor Adorno includes the elements of nostalgia for a primordial epoch of magical effectiveness and social centrality the ideal of patronage as gift exchange and the absorption of these extra literary circumstances into literary convention *Poetics and the Gift* Adam R. Rosenthal, 2022-01-05 Using a broad comparative approach this study shows how the figure of the gift structures poetic discourse and does so from the age of Homer up through twenty first century conceptual poetics Beginning from a new interpretation of Derrida's writings on the gift Adam R Rosenthal argues that this ambivalent figure names at one and the same time poetry's most extreme aneconomic privilege and the point of its closest contact with the interested exchange of the market In this way the gift conducts material relays of patronage and theories of poetic origination in genius inspiration and imagination Poetics and the Gift capitalizes on this double function in order to read material historical accounts of poetry alongside philosophical and poetic ones By way of his original reading of Derrida's work in *Given Time and Economimesis* Rosenthal offers a novel account of gift poetics and a new understanding of what makes poetry poetry [The Site of Petrarchism](#) William J. Kennedy, 2004-12-01 Drawing upon poststructuralist theories of nationalism and national identity developed by such writers as Etienne Balibar Emmanuel Levinas Julia Kristeva Antonio Negri and Slavoj Žižek noted Renaissance scholar William J Kennedy argues that the Petrarchan sonnet serves as a site for early modern expressions of national sentiment in Italy France England Spain and Germany Kennedy pursues this argument through historical research into Renaissance commentaries on Petrarch's poetry and critical studies of such poets as Lorenzo de' Medici Joachim du Bellay and the Pléiade brigade Philip and Mary Sidney and Mary Wroth Kennedy begins with a survey of Petrarch's poetry and its citation in Italy explaining how major commentators tried to present Petrarch as a spokesperson for competing versions of national identity He then shows how Petrarch's model helped define social class political power and national identity in mid sixteenth century France particularly in the nationalistic sonnet cycles of Joachim Du Bellay Finally Kennedy discusses how Philip Sidney and his sister Mary and niece Mary Wroth reworked Petrarch's model to secure their family's involvement in forging a national policy under Elizabeth I and James I Treating the subject of early modern national expression from a broad comparative perspective *The Site of Petrarchism* will be of interest to scholars of late medieval and early modern literature in Europe historians of culture and critical theorists **Performance, Poetry and Politics on the Queen's Day** Virginia Scott, Sara Sturm-Maddox, 2017-03-02 This collaborative interdisciplinary study explores a variety of issues in theatrical and literary history that converge in two performances given at the palace of Fontainebleau on 13 February 1564 Part of the fabled Fêtes

de Fontainebleau this carnival Sunday entertainment was produced at the behest of Catherine de Medici and created by courtiers and artists including Pierre de Ronsard the greatest lyric poet of the French sixteenth century While focused on the text and production of Ronsard's *Bergerie* and the choice and production of the tale of Ginevra from Ariosto's *Orlando furioso* the study also examines the urgent circumstances of the festival the moment shortly after the end of the First War of Religion was critical and highly charged as well as its political program and the rhetorical strategies employed by Catherine and Ronsard to promote harmony among the opposing factions of nobles The authors exploration of the Queen's Day also leads them to consider a range of questions pertaining to Renaissance and early modern court performance practices and literary cultural traditions The book is distinctive in that it crosses disciplinary and national boundaries and in that a number of the issues it addresses have received little or no previous scholarly attention

Selfish Gifts Alison V. Scott, 2006 *Selfish Gifts* examines how early modern clients moved quickly and strategically to assimilate the language of competition and equality characteristic of an emerging market economy within their existing discourses of gift exchange in order to maximize the rewards they might induce from an increasingly diverse group of patrons Jacket

Lyric Humanity from Virgil to Flaubert Ullrich Langer, 2023-02-16 Ullrich Langer investigates why lyric representation holds a particular power to address our humanity from Virgil to Flaubert 'Ungainefull Arte' Richard Anthony McCabe, 2016 *Ungainefull Arte* examines how traditional modes of literary patronage responded to the challenge of print as the economies of gift exchange competed with those of the marketplaces allowing for the reassessment of patronage both as a social practice and a literary theme

Humanism and Creativity in the Renaissance Christopher S.
