Arthur Versluis

The Golden Alchemical Tripod:

Restoring Paradise Arthur Versluis, 2012-02-01 Focusing on how spiritual initiation takes place in Western esoteric religious literary and artistic traditions from antiquity to the present *Restoring Paradise* provides an introduction to Western esotericism including early modern esoteric movements like alchemy Christian theosophy and Rosicrucianism The author argues that European and American literature and art often entail a written transmission of spiritual knowledge in which writing itself works to transmute consciousness to generate provoke or convey spiritual awakening He focuses on several important figures whose work has not received the attention it deserves including American writer and Imagist poet H D Hilda Doolittle and British painter Cecil Collins among others While Arthur Versluis presents a new way of understanding Western esotericism in a contemporary light above all he has crafted a book about knowing and about how we come to know and what knowing by way of literature and language actually means *Dictionary of Taoist Internal Alchemy* Fabrizio Pregadio, 2024-10-28 This dictionary offers a unique perspective on the vast and varied terminology of Taoist Internal

Alchemy Neidan Drawing on major original texts and premodern lexicons it provides translations definitions and usage examples for over a thousand terms common throughout the tradition A comprehensive index of English equivalents allows readers to easily locate the corresponding Chinese terms Beyond serving as a reference for those reading studying or translating Neidan texts the dictionary's entries offer glimpses into the rich imagery and poetic language of Internal Alchemy

The Quest for the Phoenix Hereward Tilton, 2003 The author presents with this intellectual biography of the Lutheran alchemist Count Michael Maier an academic study of western esotericism in general and to the study of alchemy and rosicrucianism in particular The author charts the development of Maier's Hermetic worldview in the context of his service at the courts of Emperor Rudolf II and Moritz of Hessen Kassel The problem of the nature of early Rosicrucianism is addressed in detail with reference to Maier's role in the promotion of this serious jest in the years immediately prior to the outbreak of the Thirty Years War The work is set in the context of ongoing debates concerning the nature of early modern alchemy and its role in the history of Western esotericism **The Doctrines of Alchemy** Alexander Henry, 2012-07-10 A collection of
