Happy Holidays, 1987-01-01

The Golden Age of Railway Posters, 2015-05-07 Few sights can reawaken memories of happy holidays of yesteryear as vividly as the superb railway posters that were so much a part of the great age of mass rail travel Between the 1930s and 1950s regarded by many as the heyday of advertising graphic art a huge range of posters appeared bearing slogans proclaiming the attractions of such resorts as Weston super Mare in Smiling Somerset and presenting a colourful picture of Britain at its best Through images as diverse as bustling cities scenes of rural tranquility and majestic mountain landscapes they offer an escapist paradise where appealingly uncrowded beaches basking in permanent sunshine are just a train journey away This beautiful collection includes over 80 vintage posters from the 30s 40s and 50s with individual poster captions describing the artists and locations depicted Michael Pailin recaptures the spirit of the great days of railway holidays and train excursions in his entertaining introduction an era that is both within living memory and yet part of a bygone age Travel, Tourism and Art Tijana Rakić, Jo-Anne Lester, 2016-02-17 Art in its many forms has long played an important role in people's imagination experience and remembrance of places cultures and travels as well as in their motivation to travel Travel and tourism on the other hand have also inspired numerous artists and featured in many artworks The fascinating relationships between travel tourism and art encompass a wide range of phenomena from historical Grand Tours during which a number of travellers experienced or produced artwork to present day travel inspired by art artworks produced by contemporary travellers or artworks produced by locals for tourist consumption Focusing on the representations of touristic places locals travellers and tourists in artworks the role of travel and tourism in inspiring artists as well as the role of art and artwork in imagining experiencing and remembering places and motivating travel and tourism this edited volume provides a space for an exploration of both historical and contemporary relationships between travel tourism and art Bringing together scholars from a wide range of disciplines and fields of study including geography anthropology history philosophy and urban cultural tourism art and leisure studies this volume discusses a range of case studies across different art forms and locales **Travel Marketing and Popular Photography in Britain, 1888-1939**

Sara Dominici, 2017-10-05 This book explores how popular photography influenced the representation of travel in Britain in the period from the Kodak led emergence of compact cameras in 1888 to 1939 The book examines the implications of people's increasing familiarity with the language and possibilities of photography on the representation of travel as educational concerns gave way to commercial imperatives Sara Dominici takes as a touchstone the first fifty years of activity of the Polytechnic Touring Association PTA a London based philanthropic turned commercial travel firm As the book reveals the relationship between popular photography and travel marketing was shaped by the different desires and expectations that consumers and institutions bestowed on photography this was the struggle for the interpretation of the travel image *The*

World's First Railway System Mark Casson, 2009-09-10 The British railway network was a monument to Victorian private enterprise Its masterpieces of civil engineering were emulated around the world But its performance was controversial praised for promoting a high density of lines it was also criticised for wasteful duplication of routes This is the first history of the British railway system written from a modern economic perspective It uses counterfactual analysis to construct an alternative network to represent the most efficient alternative rail network that could have been constructed given what was known at the time the first time this has been done It reveals how weaknesses in regulation and defects in government policy resulted in enormous inefficiency in the Victorian system that Britain lives with today British railway companies developed into powerful regional monopolies which then contested each other's territories When denied access to existing lines in rival territories they built duplicate lines instead Plans for an integrated national system sponsored by William Gladstone were blocked by Members of Parliament because of a perceived conflict with the local interests they represented Each town wanted more railways than its neighbours and so too many lines were built The costs of these surplus lines led ultimately to higher fares and freight charges which impaired the performance of the economy The book will be the definitive source of reference for those interested in the economic history of the British railway system It makes use of a major new historical source deposited railway plans integrates transport and local history through its regional analysis of the railway system and provides a comprehensive classified bibliography

Railway Posters Lorna Frost, 2012-07-20 Railway posters have huge appeal for the modern audience but just what explains this continuing interest Enduring images of iconic locomotives bathing beauties and characters such as Sunny South Sam are testament to the creativity of the railway company marketing departments and the posters tell us not only about railway history and technology architectural and

engineering accomplishments but also about the cultural and social significance of the railways The influence of the railway industry on our cities and coastlines and on the development of leisure time and holiday resorts can be seen in the recurring images of ramblers bathers and idyllic tourist destinations This book explores the changing styles and functions of the railway poster from the early pre grouping days through to the inter war golden age and nationalised British Railways

Railroad Nation Carlos Arnaldo Schwantes, 2025-05-15 From passenger tickets wall calendars and advertising posters to train orders and bills of lading railroads have left a colorful paper trail across America In *Railroad Nation* historian Carlos Arnaldo Schwantes examines a fascinating array of these materials showcasing the railroad industry's incredible variety of eye catching illustrations to enliven their timetables and promotional brochures Schwantes traces the evolution of railroad commercial art from drab black and white broadsides and text only advertisements that the early railroads placed in local newspapers to the riotous m lunge of color graphics in the early twentieth century when the visual appeal of public timetables and their thousands of different brochures enticed settlers to create farms ranches and towns alongside newly laid tracks *Railroad Nation* offers readers an unparalleled look at the ephemera of the railroad industry highlighting the vibrant history of railroading in America through its rich tapestry of visual materials

Train Tracks Gayle Letherby, Gillian Reynolds, 2020-08-25 This book provides an in depth exploration of trains and train travel Letherby and Reynolds have conducted extensive research with all those concerned with trains from leisure travelers and enthusiasts to railway workers and commuters Overturning conventional wisdom they show that the train has a social life in and of itself and is not simply a way to get from A to B The book also looks at the depiction of train travel through cultural media such as music films books and art The authors consider the personal politics of train travel and political discussion surrounding the railways as well as the relationship trains have to leisure and work The media often paints a gloomy picture of the railways and there is a general view that the romance of train travel ended with the steam locomotive Letherby and Reynolds show that this is far from the case
