Chapman,2009 South Asia from the Margins Asad ur Rehman,Muhammad Shoaib Pervez,2025-02-18 This edited volume brings together a group of scholars examining the effects of social change on the politics in South Asia It cobbles an inductive analytical framework of South Asian margins to comparatively study the political transformations across the region This book envisages politics encompassing interests imaginations activities and actions of numerous actors Individual contributors analyze the collective choices made by national elites over the past few decades and their implications for development democracy and security of their respective country and the region The resulting analytical framework provides a comparative political matrix of analysis that prioritizes the margins over the center The matrix compares different countries around the axis of 1 Political Contestations and Engagements 2 Decoloniality and Populism and 3 Policy Frames and Visions It is a contrapuntal analysis that establishes margins as a legitimate place to approach social scientific study of South Asia An important and timely contribution to the field this book will be of interest to researchers studying Asian politics comparative politics area studies in particular South Asia and Pakistan and international relations **The**

**Geopolitics of South Asia: From Early Empires to India, Pakistan and Bangladesh** Graham Chapman, 2018-02-06 This title was first published in 2000 This volume explores one of the world's greatest cultural heartlands the Indian sub continent It shows how geological movements moulded the land and how they still impact upon it how the culture of early settlers evolved to form Hinduism how its wealth and power attracted the attention of Islamic invaders who founded the Sultanate of Delhi and then the great Mogul Empire and how they were later usurped by the British Raj The story continues with the trauma of Partition and Independence in 1947 as India's unique form of Islam shook free from Nehru's secular India with the founding of Pakistan At different points in the story discussions are woven in on subjects such as caste or the management of water resources Much of the book is written in terms of the three major forces of integration These are identitive forces bonds of language ethnicity religion or ideology utilitarian forces bonds of common material interests and coercion the institutional use or threat of physical violence By studying these forces Professor Chapman shows how the organization of territory as states and empires as monarchic realms and as representative democracies has been central to the region's historic cultural linguistic and economic development In doing so he contends that the lynchpin of this region's story is a geopolitical one

**The Routledge Atlas of South Asian Affairs** Robert W. Bradnock, 2015-10-14 South Asia has developed from a group of newly independent post Colonial states of at most secondary importance to the wider world to its current position as a region of central strategic importance to both global economic development and world peace and stability This Atlas highlights the global significance of South Asia in relation to economic geopolitical and strategic interests It provides a coherent descriptive and analytical account of the key elements of the complex societies that make up the region and its component countries Illustrated with more than 100 original maps and offering concise entries on key issues the book is structured thematically in these sections Global Context Geographical Environments Historical Evolution of South Asia Key Issues in modern South Asia Economy and Security Designed for use in teaching undergraduate and graduate classes and seminars in geography history economics anthropology international relations political science and the environment as well as regional courses on the South Asia this book is also a comprehensive reference source for libraries and decision makers focusing on South Asia

**Geographic Realities in the Middle East and North Africa** George Joffé, Richard Schofield, 2020-10-25 Celebrating the work of Keith McLachlan a well known and much admired geographer of the Middle East and North Africa this book combines three interrelated topics that define the region The Middle East has been integral to the growth of the global oil industry an aspect of its evolution since 1908 which has had profound geopolitical implications as well The territory was also the arena for the last European experiment in colonialism a development that has left its legacy even today And historically it has been the location of the great hydraulic civilisations of Egypt and Mesopotamia yet is still dependent on the flow of its two major river systems the Nile and the Tigris Euphrates in an era of impending climate crisis These themes form the essence of themes that are discussed in the chapters that follow

Keith McLachlan played a significant role in our understanding of these themes and of their effects in the contemporary world as the comments of those who worked with him and have contributed towards this book reveal

**Examining agriculture oil and state construction** this volume offers an insight into how the contemporary Middle East was constructed after the collapse of the Ottoman Empire It is a key resource for scholars and students interested in geopolitics and the geography of the Middle East

*Regionalism and Regional Security in South Asia* Asst Prof Zahid Shahab Ahmed, 2013-12-28 Zahid Shahab Ahmed evaluates the progress of the South Asian Association for Regional Cooperation SAARC This study goes beyond economic integration to present a detailed appraisal of cooperation under the overarching themes of economic cooperation environmental security human welfare and cooperation in security matters According to the author SAARC is making progress in addressing the myriad of issues on its agenda The transition from agreements to actions and frequent interactions among the member states has boosted confidence The progress of SAARC is more evident in the less controversial areas of human security such as poverty alleviation health and safety human resources development and higher education Notwithstanding enthusiastic commitments reflected in agreements and action plans there is a gulf between rhetoric and implementation most notably in sensitive areas relating to traditional security In the light of the findings of this study the author proposes that greater cooperation in common human security areas has a potential to pave the way for a cooperation on issues of a contentious nature particularly terrorism

**New Futures for South Asia** Adluri Subramanyam Raju, 2019-11-05 This book is a comprehensive examination of the society polity and economy of South Asian countries and their future trajectories The chapters included in the volume present key insights into the geopolitical dynamics of the region New Futures for South Asia draws on case studies from the region to discuss how democracy has fared in terms of state society

linkages transformational possibilities and the globalization and radicalization of politics studies possibilities of economic cooperation in South Asia including common currency regional imbalances and aid transport connectivity and electricity consumption examines the crucial role of SAARC and bilateralism in forging connectivities across the diverse geographies of the region A major intervention in re shaping South Asian studies this book will be a great resource for scholars and researchers of security studies strategic affairs international relations development studies and politics *India, Pakistan, and the Sharika-Bazi: An Alternate Understanding of the Cousin Rivalry* Jawad Kadir, 2026-01-20 Despite using the metaphors of kin states and blood brothers for the India Pakistan conflict there is limited work exploring this phenomenon India Pakistan relations have mostly been theorized by situating them along with a bipolar ethnic and religious framework This book presents a fresh conflict model to theorize their rivalry by positioning them as warring family branches with common ancient and cultural history Therefore this book not only competes with the existing literature but also claims to break new theoretical ground in the subject This book will be of interest to researchers looking to theorize intergroup conflicts academicians students social activists politicians practitioners track 2 diplomats and above all the policy makers in both countries This book has theorized the tensions and dynamics of the India Pakistan conflict as a process akin to a typical large South Asian family dispute after dividing its tangible assets Categorizing and depicting India and Pakistan as two segments of such a large family quarreling over gaining more prestige against the other after dividing ancestral land this study does not remain unaware of other larger pushes and pulls experienced in this intractable conflict interfering in significant ways in the relationship between the partitioning members of the extended family Arguing for the centrality of the concept of family relations in this context made increasing sense also as an explanation for the intensity of local emotions visible in this complex conflict The core argument here is that the intractability intensity and intimacy associated with various dimensions of the India Pakistan conflict can be better explained by analyzing it as a dispute between two warring branches of a huge joint family with an enormously rich and diverse ancient history *Pentagon's South Asia Defence and Strategic Year Book*, 2010 **Confronting Metaphor in Use** Mara Sophia Zantotto, Lynne Cameron, Marilda do Couto Cavalcanti, 2008 It is timely for researchers to approach metaphor as social and situated as a matter of language and discourse and not just as a matter of thought Over the last twenty five years scholars have come to appreciate in depth the cognitive motivated and embodied nature of metaphor but have tended to background the linguistic form of metaphor and have largely ignored how this connects to its role in the discourses in which our lives are constructed and lived This book brings language and social dimensions into the picture offering snapshots of metaphor use in real language and in real lives across the very different cultures of Europe and Brazil and contributing to the theorizing of metaphor in discourse *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 2003 *Book Review Index Cumulation* Dana Ferguson, 2005-09 Book Review Index provides quick access to reviews of books periodicals

books on tape and electronic media representing a wide range of popular academic and professional interests The up to date coverage wide scope and inclusion of citations for both newly published and older materials make Book Review Index an exceptionally useful reference tool More than 600 publications are indexed including journals and national general interest publications and newspapers Book Review Index is available in a three issue subscription covering the current year or as an annual cumulation covering the past year     **Magazines for Libraries** William A.
