The Global Human Rights Regime:

Children's Rights Law in the Global Human Rights Landscape Eva Brems, Ellen Desmet, Wouter

Vandenhole, 2017-04-21 Children's rights law is often studied and perceived in isolation from the broader field of human rights law. This volume explores the inter-relationship between children's rights law and more general human rights law in order to see whether elements from each could successfully inform the other. Children's rights law has a number of distinctive characteristics such as the emphasis on the best interests of the child, the use of general principles and the inclusion of third parties e.g. parents and other care takers in treaty provisions. The first part of this book questions whether these features could be a source of inspiration for general human rights law. In part two the reverse question is asked: could children's rights law draw inspiration from developments in other branches of human rights law that focus on other specific categories of rights holders such as women, persons with disabilities, indigenous peoples or older persons. Finally, the interaction between children's rights law and human rights law and the potential for their isolation, inspiration or integration may be coloured or determined by the thematic issue under consideration. Therefore, the third part of the book studies the interplay between children's rights law and human rights law in the context of specific topics: intra-family relations, LGBTQI marginalization, migration, media, the environment and transnational human rights obligations.

The SAGE Handbook of Human Rights Anja Mihr, Mark Gibney, 2014-07-21 The SAGE Handbook of Human Rights will comprise a two-volume set consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance. The Handbook will take an interdisciplinary approach, combining work in such traditional fields as law, political science and philosophy with such non-traditional subjects as climate change, demography, economics, geography, urban studies, mass communication and business and marketing. In addition, one of the aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture, and there will be a section on human rights in art, film, music and literature. Not only will the Handbook provide a state-of-the-art analysis of the discipline that addresses the history and development of human rights standards and its movements, mechanisms and institutions, but it will seek to go beyond this and produce a book that will help lead to prospective thinking.

Interdisciplinary Approaches to Human Rights Rajini

Srikanth, Elora Halim Chowdhury, 2018-10-30 Interdisciplinary Approaches to Human Rights: History, Politics, Practice is an edited collection that brings together analyses of human rights work from multiple disciplines. Within the academic sphere, this book will garner interest from scholars who are invested in human rights as a field of study as well as those who research and are engaged in the praxis of human rights. Referring to the historical and cross-cultural study of human rights, the volume engages with disciplinary debates in political philosophy, gender and women's studies, Global South, Third World studies, international relations, psychology and anthropology. At the same time, the authors employ diverse methodologies including oral history, theoretical and discourse analysis, ethnography and literary and cinema studies. Within the field of

human rights studies this book attends to the critical academic gap on interdisciplinary and praxis based approaches to the field as opposed to a predominantly legalistic focus drawing from case studies from a wide range of contexts in the Global South including Bangladesh Colombia Haiti India Mexico Palestine and Sudan as well as from Australia and the United States in the Global North For students who will go on to become researchers practitioners policy makers and activists this collection of essays will demonstrate the multifaceted landscape of human rights and the multiple forces philosophical political cultural economic historical that affect it Human Rights at Risk Irene Hadiprayitno, Salvador Santino F. Regilme, 2022-06-17 Human Rights at Risk brings together social scientists legal scholars and humanities scholars to analyze the policy challenges of human rights protection in the twenty first century The volume is organized based on three overarching themes that highlight the challenges and risks in international human rights international institutions and global governance of human rights thematic blind spots in human rights protection and the human rights challenges of the United States as a global and domestic actor amidst the contemporary global shifts to authoritarianism and illiberal populism One of the very few books that offer new perspectives that envision the future of transnational human rights norms and human dignity from a multidisciplinary perspective Human Rights at Risk comprehensively examines the causes and consequences of the challenges faced by international human rights Scholars students and policy practitioners who are interested in the challenges and reform prospects of the international human rights regime United States foreign policy and international institutions will find this multidisciplinary volume an invaluable guide to the state of global politics in the twenty first century

The Globalization of World Politics John Baylis, Steve Smith, Patricia Owens, 2014 Working from a unique non U S perspective this market leading text provides a coherent accessible and engaging introduction to the globalization of world politics Now in its sixth edition *The Globalization of World Politics* has been fully revised and updated in light of recent developments in world politics FEATURES Presents contributions from an impressive line up of international experts each of whom provides accessible but stimulating insights into history theory structures processes and other key issues in the field Offers a visually appealing full color interior Provides a strong pedagogical program that includes numerous boxes figures tables maps questions lively examples and case studies *State Participation in International Treaty Regimes* Srinivasan Sitaraman, 2009 Why do some states resist entering into international treaty regimes while others demonstrate eagerness to participate Drawing on United Nations treaty ratification data from three different issue areas arms control environment and human rights this volume focuses on the United States and China to study the participation patterns of democracies and non democracies in international treaty regimes *The Quest For A Just World Order* Samuel S Kim, 2019-07-11 In response to a growing sense of dissatisfaction with the state of the world and the state of international relations research Professor Kim has taken an alternative approach to the study of contemporary world politics Specifically he has adopted and expanded the cross cultural interdisciplinary and transnational approach developed by the World Order Models Project WOMP an

enterprise committed to the realization of peace economic equality and well being social justice and ecological balance Systemic in scope and interdisciplinary in methodology The Quest for a Just World Order explains and projects the issues patterns and trends of world politics giving special attention to the attitudinal normative behavioral and institutional problems involved in the politics of system transformation Professor Kim also attempts to remedy a number of problematic features of traditional approaches including a value neutral orientation fragmentation and overspecialization overemphasis on national actors the superpowers and stability and the Hobbesian image of world politics Part 1 presents a conceptual framework for developing a normative theory of world order Each of the four chapters in Part 2 examines a specific global crisis in depth working within the framework laid out in Part 1 In Part 3 a variety of desirable and feasible transition strategies are proposed and Professor Kim assesses the prospects for achieving a just and humane world order system by the end of this century

Global Transformations David Held, 1999 In this book the authors set forth a new model of globalization that lays claims to supersede existing models and then use this model to assess the way the processes of globalization have operated in different historic periods in respect to political organization military globalization trade finance corporate productivity migration culture and the environment Each of these topics is covered in a chapter which contrasts the contemporary nature of globalization with that of earlier epochs In mapping the shape and political consequences of globalization the authors concentrate on six states in advanced capitalist societies SIACS the United States the United Kingdom Sweden France Germany and Japan For comparative purposes other states particularly those with developing economics are referred to and discussed where relevant The book concludes by systematically describing and assessing contemporary globalization and appraising the implications of globalization for the sovereignty and autonomy of SIACS It also confronts directly the political fatalism that surrounds much discussion of globalization with a normative agenda that elaborates the possibilities for democratizing and civilizing the unfolding global transformation

Introduction to the International Human Rights Regime Manfred Nowak, 2021-10-01 Human rights are the only universally recognized system of contemporary values which during the last 50 years has been gradually developed and defined by all States in a comprehensive international legal framework The international human rights regime is closely related to international peace and security development and a global trend towards pluralist democracy good governance and the rule of law International humanitarian and criminal law can today be considered as specific aspects of international human rights law which after the end of the Cold War has become increasingly complex and difficult to oversee The present textbook attempts to provide a first and at the same time comprehensive introduction into the idea and significance of human rights its philosophical and theoretical foundations historical development the main structures and procedures of international human rights protection by the United Nations and regional organizations Council of Europe Organization of American States African Union OSCE and others and modern trends such as preventive mechanisms international criminal

law human rights as essential elements of peace keeping and peace building operations humanitarian intervention or the relationship between human rights and terrorism The book perceives human rights as an inter disciplinary topic and illustrates the theory of human rights with a considerable number of practical case studies graphics statistics procedural charts and textboxes It serves as a textbook for students of law political science international relations and other academic fields related to human rights but may as well be used as a first introduction for those working in the field for NGO activists legal practitioners and others interested in the fascinating world of universal human rights International Law Barry E. Carter, Phillip R. Trimble, 1995 **The Carter Presidency** Gary M. Fink, Hugh Davis Graham, 1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter s election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter s presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter s performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration A final essay shows how Carter s public spirited post presidential career has made him one of America s greatest ex presidents Grounded on research conducted at the Carter Library The Carter Presidency is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America **The Global Human Rights Regime** Bertil Dunér, 2002-01-01 Human rights are essential studies for students of international relations and international law This book pinpoints the salient characteristics problems and possibilities of these studies *The Yale Journal of International Law*, 2006 **Transnational Civil Society** Srilatha Batliwala, Lloyd David Brown, 2006 Features a perspective of both developing and industrialized countries For a wide audience including academics undergraduate and graduate students

researchers and practitioners The growing impact of cross border civil society networks and campaigns on global policy has made transnational civil society an increasingly important phenomenon Transnational Civil Society An Introduction provides a clear and accessible introduction to the history characteristics and achievements of influential transnational civil society networks coalitions and movements Editors Srilatha Batliwala and L David Brown provide an in depth analysis of the forces that have shaped transnational activism globalism economic and political power structures and cross border organization by non state actors Important transnational movements that have shaped our world labor environment human rights women s rights peace and economic justice are also described and analyzed The contributors are globally experienced activist scholars and reflective practitioners discussing both developing and industrialized countries For students practitioners and activists alike Transnational Civil Society An Introduction offers comprehensible descriptions of transnational initiatives working toward effective and sustainable solutions to some of the critical challenges facing our world *Working Paper* Marianne Mollmann,2004 Exploring International Human Rights Rhonda L. Callaway,Julie Harrelson-Stephens,2007 Presenting a range of philosophical debates policy analyses and first hand accounts this text offers a comprehensive set of readings on the major themes and issues in the field of international human rights Proceedings of the ... The Global Human Rights Regime Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free The Global Human Rights Regime PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free The Global Human Rights Regime PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal

boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of The Global Human Rights Regime free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
