**The God who Fights** Charles Sherlock,1993-01-01     *The God Who Fights: The War-Tradition in Holy Scripture*  
Charles Henry Jr Sherlock,1980     **Fighting for the King and the Gods** Charlie Trimm,2017-10-30 The most up to date sourcebook on warfare in the ancient Near East Fighting for the King and the Gods provides an introduction to the topic of war and the variety of texts concerning many aspects of warfare in the ancient Near East These texts illustrate various viewpoints of war and show how warfare was an integral part of life Trimm examines not only the victors and the famous battles but also the hardship that war brought to many While several of these texts treated here are well known i e Ramses II s battle against the Hittites at Qadesh others are known only to specialists This work will allow a broader audience to access and appreciate these important texts as they relate to the history and ideology of warfare Features References to recent secondary literature for further study Early Greek and Chinese illustrative texts for comparisons with other cultures Indices to help guide the reader     *Irony and Meaning in the Hebrew Bible* Carolyn J. Sharp,2008-12-23 Was God being ironic in commanding Eve not to eat fruit from the tree of wisdom Carolyn J Sharp suggests that many stories in the Hebrew Scriptures may be ironically intended Deftly interweaving literary theory and exegesis Sharp illuminates the power of the unspoken in a wide variety of texts from the Pentateuch the Prophets and the Writings She argues that reading with irony in mind creates a charged and open rhetorical space in the texts that allows character narration and authorial voice to develop in unexpected ways Main themes explored here include the ironizing of foreign rulers the prostitute as icon of the ironic gaze indeterminacy and dramatic irony in prophetic performance and irony in ancient Israel s wisdom traditions Sharp devotes special attention to how irony destabilizes dominant ways in which the Bible is read today especially when it touches on questions of conflict gender and the Other     **War in the Hebrew Bible** Susan Niditch,1995-06-29 Texts about war pervade the Hebrew Bible raising challenging questions in religious and political ethics The war passages that readers find most disquieting are those in which God demands the total annihilation of the enemy without regard to gender age or military status The ideology of the ban however is only one among a range of attitudes towards war preserved in the ancient Israelite literary tradition Applying insights from anthropology comparative literature and feminist studies Niditch considers a wide spectrum of war ideologies in the Hebrew Bible seeking in each case to discover why and how these views might have made sense to biblical writers who themselves can be seen to wrestle with the ethics of violence The study of war thus also illuminates the social and cultural history of Israel as war texts are found to map the world views of biblical writers from various periods and settings Reviewing ways in which modern scholars have interpreted this controversial material Niditch sheds further light on the normative assumptions that shape our understanding of ancient Israel More widely this work explores how human beings attempt to justify killing and violence while concentrating on the tones textures meanings and messages of a particular corpus in the Hebrew Scriptures     **Central and Eastern European Bible Commentary**
