Ahlman,2017-10-16 In the 1950s Ghana under the leadership of Kwame Nkrumah and the

Convention People's Party drew the world's attention as anticolonial activists, intellectuals and politicians looked to it as a model for Africa's postcolonial future. Nkrumah was a visionary, a statesman and one of the key makers of contemporary Africa. In *Living with Nkrumahism*, Jeffrey S. Ahlman reexamines the infrastructure that organized and consolidated Nkrumah's philosophy into a political program. Ahlman draws on newly available source material to portray an organizational and cultural history of Nkrumahism. Taking us inside bureaucracies, offices, salary structures and working routines, he painstakingly reconstructs the political and social milieu of the time and portrays a range of Ghanaians' relationships to their country's unique position in the decolonization process. Through fine attunement to the nuances of statecraft, he demonstrates how political and philosophical ideas shape lived experience. *Living with Nkrumahism* stands at the crossroads of the rapidly growing fields of African decolonization, postcolonial history and Cold War studies. It provides a much needed scholarly model through which to reflect on the changing nature of citizenship and political and social participation in Africa and the broader postcolonial world.

Readers will encounter selections written by everyone from farmers, traders and the clergy to intellectuals, politicians, musicians and foreign travelers. With sources including historical documents, poems, treaties, articles and fiction, *The Ghana Reader* conveys the multiple and intersecting histories of Ghana's development as a nation, its key contribution to the formation of the African diaspora and its increasingly important role in the economy and politics of the twenty-first century.
