the Bible Casper J. Labuschagne, 2016-07-20 Were you intrigued but disappointed by The Bible Code Numerical Secrets of the Bible written by one of Europe s leading biblical scholars gives you the actual facts about one of the most important recent discoveries in the field of biblical study namely that the books of the Bible are numerical compositions The biblical writings were not written in an off hand manner but were meticulously composed according to compositional techniques in which the counting of words played a crucial role This discovery has far reaching consequences for our views on the formation and the structure of the text of the Hebrew Bible and of the Greek text of the New Testament Labuschagne introduces you to the fascinating world of number symbolism in biblical times He demonstrates how well known symbolic numbers such as 7 and 12 and especially the lesser known holy numbers 17 and 26 which represent the numerical value of the name YHWH were used to give structure to the text and to deepen its contents Among other fascinating findings this study confirms the medieval Jewish tradition that the name of God is interwoven in the fabric of the text of Holy Scripture

The Bible's Hidden Cosmology Charles Gordon Strachan, 2005 Strachan author of Jesus the Master Builder and Chartres turns back to the roots of biblical wisdom Patterns appear repeatedly throughout the Bible and influence festivals and belief systems but what are their bases And are they incidental or deliberate By returning to the principles of ancient cosmology that is how the biblical writers viewed the universe the author reveals a new understanding of the Bible He uses the disciplines of music theory astronomy and astrology numerology and sacred geometry to uncover hidden wisdom and allow the ancient secrets of the Bible to shine through This book is a compelling whirlwind through the imagery and metaphor inherent in the Bible giving the reader a deeper understanding of ancient wisdom traditions and a new respect for the implicit coding of the Bible *The Jewish herald and record of Christian effort for the spiritual good of God's ancient people [afterw.] The Jewish missionary herald and record of the British society for the propagation of the gospel among the Jews [afterw.] The Herald* International society for the evangelization of the Jews, 1870 **Number Symbolism and the Idea of**
