**Snapshots of Research** Richard D. Hartley,2010-10-20 *Snapshots of Research Readings in Criminology and Criminal Justice* is a comprehensive cutting edge text that provides an introductory overview of the main research methods used in the fields of criminology and criminal justice This text reader offers a wide range of modern research examples as well as several classic articles including a broad range of readings from the four major branches of the criminal justice system policing courts law juvenile justice and corrections that are relevant to career paths students may be interested in pursuing    *The Supreme Court and Juvenile Justice* Christopher P. Manfredi,1998 Taking in a century of change this work focuses on how the Supreme Court brought the juvenile court system under constitutional control It describes the case of Gerald Gault an Arizona teenager who was sent to reform school for making an obscene phone call    *Handbook of Justice Research in Law* Joseph Sanders,V. Lee Hamilton,2007-05-08 Justice a word of great simplicity and almost frightening scope When we were invited to edit a volume on justice in law we joked about the small topic we had been assigned Often humor masks fear and this was certainly one of those times Throughout the project we found daunting the task of covering even a fraction of the topics that usually fall under the umbrella of justice research in law Ultimately the organization of the book emerged from the writing of it Our introductory chapter provides a road map to how the topics weave together but as is so often the case it was written last not first It was only when we had chapters in hand that we began to see how the many strands of justice research might be woven together Chapters 2 4 on the basic forms of justice procedural retributive and distributive are the lynchpin of the volume they provide the building blocks that permit us to think and write about each of the other substantive and applied chapters in terms of how they relate to the fundamental forms of justice In the large central section of the volume Chapters 5 9 the contributors address many ways in which the justice dimensions relate to one another Most

important for law is the relationship of perceptions of procedural justice and the two types of substantive justice retributive and distributive     Poor Relations Joan Gittens,1994 This comprehensive history traces the care of dependent delinquent and disabled children in Illinois from the early nineteenth century to current times focusing on the dilemmas raised by both public intervention and the lack of it Joan Gittens explores the inadequacies of a system that has allowed problems in the public care of children to recur regularly but at the same time insists that the state s own history makes it clear that the potential for improvements exists     The U.S. Supreme Court and Juvenile Justice Reform, 1966-70 Christopher P.

Manfredi,1987     **The Yale Law Journal** ,1979     **Juvenile Justice in America** Clemens Bartollas,Stuart J. Miller,2001 This third edition of Juvenile Justice in America takes us directly into the new millennium with the incorporation of the most recent studies and statistical data available at the time of publication The book is now organized to allow the student to move quickly and decisively into the action of the police courts and corrections Major issues and findings from all of these subsystems of the justice system are discussed as well as new materials on gangs drugs guns and schools Where we are today is described and the issues of whether the juvenile system should be reformed or abolished whether hard or soft policies should prevail and whether the rights of juveniles should be extended are subjects of much attention Consideration is given to what works and what does not Materials on the profile of juveniles in trouble and the social context from which juveniles come are emphasized as are the treatments and programs available to them in the community and institutions A major new feature of this third edition is a chapter on International Juvenile Justice based on the 1985 Bejing Rules It illustrates just how far some countries have come and even more aptly how fa

**The Role of the Juvenile Court** Francis X. Hartmann,1987     **Mothers of All Children** Elizabeth Jane Clapp,1998 A history of the juvenile court movement in America which focuses upon the central but neglected contribution of women reformers The establishment of juvenile courts in cities across the United States was one of the earliest social welfare reforms of the Progressive Era The first juvenile court law was passed in Illinois in 1899 Within a decade twenty two other states had passed similar laws based on the Illinois example Mothers of All Children examines this movement focusing especially on the role of women reformers and the importance of gender consciousness in influencing the shape of reform Until recently historians have assumed that male reformers dominated many of the Progressive Era social reforms Mothers of All Children goes beyond simply writing women back into the history of the juvenile court movement to reveal the complexity of their involvement Some women operated within nineteenth century ideals of motherhood and domesticity while others trained in the social sciences and living in the poor neighborhoods of America s cities took a more pragmatic approach Despite these differences Clapp finds a common maternalist approach that distinguished women reformers from their male counterparts Women were more willing to use the state to deal with wayward children whereas men were more commonly involved as supporters of women reformers initiatives rather than being themselves the initiators of reform Firmly located in the context of recent scholarship on

American women's history Mothers of All Children has broad implications for American women's political history and the history of the welfare state     **The Bill of Rights and American Legal History: Criminal procedure (4 v.)** Paul L.
