

Documentary Research Strategy to Research Canada

<p>Documentary Research: Ethical/Physical significance:</p>	<p>1. Recent work</p> <p>Documentary research has been a subject of interest in Canadian literature and scholarship, but only for a relatively short period of time. The documentary research of the 1970s and 1980s was largely a response to the need for a more systematic and comprehensive approach to the study of Canadian literature and culture. This approach was based on the idea that the study of Canadian literature and culture should be based on a systematic and comprehensive approach to the study of Canadian literature and culture. This approach was based on the idea that the study of Canadian literature and culture should be based on a systematic and comprehensive approach to the study of Canadian literature and culture.</p> <p>2. Documentary research</p> <p>Documentary research is a type of research that involves the collection and analysis of documents. This type of research is often used to study the history and culture of a particular country or region. In the case of Canada, documentary research has been used to study the history and culture of the country from the 17th century to the present. This type of research has been used to study the history and culture of Canada in a number of ways, including the study of the role of the government, the role of the media, and the role of the people.</p> <p>3.
