The 11+ Creative Writing Paper is not included in all 11+ examination papers and is not a requirement set by all grammar schools. When it is included as part of the 11+ examinations, the way in which the paper is marked can differ between examination boards and consortiums.

The mark scheme provided here suggests ideas for tutors to use when marking the work completed by students on the 11+ Creative Writing Baseline Assessment Papers. Tutors can use these ideas as an initial starting point but should also refer to guidance set by the examination board that is relevant to each of their 11+ students' chosen grammar school(s).

13-14 years of age as well as in depth interviews with 250 of these as they attempt to solve test problems in order to explore the nature of the difficulties children experience with realistic items. The book shows by comparing test and interview data that many children as a consequence of their confusion over the requirements of realistic test items fail in tests to demonstrate mathematical knowledge and understanding that they actually possess. The book also explores whether this problem of invalid measurement is equally spread across children from different social backgrounds and across the sexes. The book will be of interest to academics and teachers studying for advanced degrees in mathematics education, sociology of education and educational assessment.
