hard labour in prison      *The Ballad Of Reading Gaol* Oscar Wilde,2023-07-18 Written during his imprisonment for homosexuality Wilde s most famous poem is a powerful indictment of the cruelty and hypocrisy of the Victorian justice system With its vivid imagery and haunting refrain Each man kills the thing he loves this is a masterpiece of English literature that continues to resonate today This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      *The Ballad of Reading Gaol* Oscar Wilde,2019-10-15 The Ballad of Reading Gaol is a poem by Oscar Wilde written in exile in Berneval le Grand after his release from Reading Gaol r d d e l on 19 May 1897 Wilde had been incarcerated in Reading after being convicted of gross indecency with other men in 1895 and sentenced to two years hard labour in prison During his imprisonment on Tuesday 7 July 1896 a hanging took place Charles Thomas Wooldridge had been a trooper in the Royal Horse Guards He was convicted of cutting the throat of his wife Laura Ellen earlier that year at Clewer near Windsor He was aged 30 when executed Wilde wrote the poem in mid 1897 while staying with Robert Ross in Berneval le Grand The poem narrates the execution of Wooldridge it moves from an objective story telling to symbolic identification with the prisoners as a whole No attempt is made to assess the justice of the laws which convicted them but rather the poem highlights the brutalisation of the punishment that all convicts share Wilde juxtaposes the executed man and himself with the line Yet each man kills the thing he loves Wilde too was separated from his wife and sons He adopted the proletarian ballad form and suggested it be published in Reynold s Magazine because it circulates widely among the criminal classes to which I now belong for once I will be read by my peers a new experience for me Wilde entered prison on 25 March 1895 sentenced to two years hard labour a punishment that was considered more severe than mere penal servitude He was first sent briefly to Newgate Prison for initial processing and the next week was moved to Pentonville prison where hard labour consisted of many hours of pointless effort in walking a treadmill or picking oakum separating the fibres in scraps of old navy ropes and allowed to read only the Bible and The Pilgrim s Progress Prisoners were not allowed to speak to each other and out of their solitary cells were required to wear a cap with a sort of thick veil so they would not be recognised by other prisoners A few months later he was moved to Wandsworth Prison which had a similar regimen While he was there he was required to declare bankruptcy by which he lost virtually all his possessions including his books and manuscripts On 23 November 1895 he was again moved to the prison at Reading which also had similar rules where he spent the remainder of his sentence and was assigned the third cell on the third floor of C ward and thereafter addressed and identified only as C 3 3 Prisoners were identified only by their cell

numbers and not by name About five months after Wilde arrived at Reading Gaol Charles Thomas Wooldridge a trooper in the Royal Horse Guards was brought to Reading to await his trial for murdering his common law wife and promptly presenting himself and confessing to a policeman on 29 March 1896 on 17 June Wooldridge was sentenced to death and returned to Reading for his execution which took place on Tuesday 7 July 1896 the first hanging at Reading in 18 years Wilde was released from prison on 18 May 1897 and he promptly went to France never returning to Britain He died in Paris at the age of 46 on 30 November 1900 [The Ballad of Reading Gaol - Primary Source Edition](#) Oscar Wilde,2014-01 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book [The Ballad of Reading Gaol](#) Oscar Wilde,1898
