The Feminine Dimension Of The Divine:

The Feminine Dimension of the Divine Joan Chamberlain Engelsman, 1980 The Feminine Dimension of the Divine Joan Chamberlain Engelsman, 2013-11-14 Departing from the traditional image of God as masculine Joan Chamberlain Engelsman examines the feminine dimension of the divine She recovers female images of the divine examining the goddesses Demeter Isis and in particular Sophia to demonstrate how the feminine aspect of God was repressed in Christianity This revised edition contains a new preface introduction and updated bibliography by the author Some books are written so well that they attract different kinds of readers as times change The Feminine Dimension of the Divine is such a book The spiritual needs and interest of both men and women have changed enough to merit a new edition of this superbly crafted scholarly study of Sophia Janet Forsythe Fishburn Dean of Theological School Drew University Joan Chamberlain Engelsman is a well known author and lecturer in the fields of psychology and spirituality She is a faculty member at Drew University and is a noted consultant on family violence director of the Clergy Partnership on Domestic Violence She is the author of The Queen s Cloak A Myth for Mid Life Moon Dance: the Feminine Dimensions of Time Sioux Rose, 2009-07-03 Do you really feel the same way everyday Do you think you are intended to Women are tied to the moon not only biologically through their monthly menses but also on deep inner planes The moon moves from sign to sign every month and takes all women along for a virtual journey that s experienced through vivid mood changes Each sign is endowed with character and represents one of the twelve Divine archetypes These come to life as the moon awakens them in due succession during the course of her recurrent monthly passages Recognizing how these themes embedded into time move you will deepen your understanding of who you are And since the moon s cycles can be plotted you gain a powerful strategy for wisely utilizing your place s in time Moon Dance is designed for those with astrological knowledge as well as those ready to learn to respond to the rhythms of time as naturally felt and experienced on the inside **A Theological Anthropology of Self-Realization** Jennifer Slater O.P, 2012-07-31 The book addresses the intriguing problem of human self realization precisely because of the diverse uses of the term which ranges from abstract philosophical theological theories to practical psychological spiritual applications Jennifer Slater draws the concept from Karl Rahner the twentieth German theologian who uses the term self realization in his theology on freedom and symbolism relating it to the basic free choice which the human person makes to be for or against God Divine Jennifer Slater explores this fundamental free choice which is at the same time a basic choice about oneself She writes from the understanding that the human person is radically free to become the choices she or he makes and freedom is the capacity for definitive self realization In the book she shows that in the exercising of freedom humans precisely as historical beings are also transcendent beings Jennifer grapples with the perception that since human self realization involves the power to make decisions which in reality actualizes a persons own reality how then does this self realization come about and where does the Divine fit into the process If self realization is related to the human self and to the Divine Self

she then questions what constitutes the self and self realization This struggle practically employs the woman in general and in particular the woman consecrated to a vowed life The pervasive question throughout is What constitutes the self realization of a human woman being *A Select Annotated Bibliography* Taun Relihan,1983 *The Social God and the Relational Self* Stanley J.
