The Family Of Woman Lesbian Mothers Their Childr:

The Family of Woman Maureen Sullivan, 2004-09-06 Drawing upon interviews with gay families Sullivan contends that gay families have more equitable social relations and move forward in equalizing gender roles **Cohabitation and the Evolving Nature of Intimate and Family Relationships** Sampson Lee Blair, Yongjun Zhang, 2023-12-08 Given the tremendous diversity in cohabiting couples as well as the increasing prominence of this form of intimate relationships this volume provides a more thorough comprehension of the structures effects and intimate practice of cohabitation around the world Feminism, the Family, and the Politics of the Closet Cheshire Calhoun, 2000-09-07 Feminism the Family and the Politics of the Closet is about placing sexual orientation politics within feminist theorizing It is also about defining the central political issues confronting lesbians and gay men The book brings the study of lesbians from the margins of feminist theory to the center by critiquing the analytic frameworks employed within feminist theory that renders invisible lesbians difference from heterosexual women This book also outlines the basic features of lesbian and gay subordination by exploring the differences between heterosexual dominance and gender and race relations Throughout Calhoun aims to re center lesbian and gay politics away from concerns with sexual regulations and toward concern with the displacement of gays and lesbians from the public sphere of visible citizenship and from the private sphere of romance marriage and family LGBT Families Nancy J. Mezey, 2015 Part of the Sage Contemporary Family Perspective series this book presents a comprehensive an understanding of lesbian gay bisexual and transgender families today by drawing upon and making sense of the burgeoning scholarly literature about LGBT families from the late twentieth and early twenty first centuries Autonomous Motherhood? Susan B. Boyd, Dorothy E. Chunn, Fiona Kelly, Wanda Wieggers, 2015-01-01 Since the end of the Second World War increasing numbers of women have decided to become mothers without intending the biological father or a partner to participate in parenting Many conceive via donor insemination or adopt others become pregnant after a brief sexual relationship and decide to parent alone Using a feminist socio legal framework Autonomous Motherhood probes fundamental assumptions within the law about the nature of family and parenting Drawing on a range of empirical evidence including legislative history case studies and interviews with single mothers the authors conclude that while women may now have the economic and social freedom to parent alone they must still negotiate a socio legal framework that suggests their choice goes against the interests of society fatherhood and children **The Employed Mother and the Family Context** Judith Frankel, 1993 **Lesbian Motherhood** Róisín Ryan-Flood, 2009-05-27 This book studies the growing number of lesbian women embarking on parenthood after coming out Theoretical debates about lesbian motherhood often consider its assimilative or transgressive dimensions The author proposes a different approach contextualising lesbian motherhood in relation to sexual citizenship and hegemonic discourses of kinship Lesbian and Gay Parents Christina I. Belling, 2004 **Like Our Very Own** Julie Berebitsky, 2000 A fascinating chapter in American social and cultural history Like Our Very

Own offers compelling evidence of the role that adoption has played in our evolving efforts to define the meaning and nature of both motherhood and family **BOOK JACKET** Women's Studies Encyclopedia: Views from the sciences Helen Tierney, 1991 **Building Family, School, and Community Partnerships** Kay Wright, Dolores Stegeline, Lynn Hartle, 2007 This text focuses on understanding different types of family structures cross cultural issues that teachers need to be aware of and building strong family school community relationships There are many features that adapt well to practicing teachers Updated information for teachers to help understand and deal with the changing family structure especially gay and lesbian parents grandparents as parents and blended and divorced families Tools are provided for assessing and evaluating the effectiveness of parent involvement programs activities and initiatives In this age of accountability these tools are particularly valuable Advocacy and classroom strategies are provided across all chapter topics and themes These strategies provide classroom teachers with practical and measurable tools for strengthening their parent involvement activities These strategies also constitute an important part of in service training Inclusion practice continues to expand and this textbook provides excellent information on a variety of disabilities developmental delays and other special needs Working with parents of children with special needs is discussed and numerous advocacy and classroom strategies are presented for working with these children and parents It is designed to be practical useful and informative for many different professionals who work with and are engaged in professional development and implementation with children and their families *Ms. Magazine*, 1973 *Gay and Lesbian Parents* Frederick W. Beaman, 1999 Designed for courses in Deviant Behaviour and Introductory Deviance This edited collection focuses on the construction of notions of deviance in everyday life Discussions of traditional theories are included to provide students with a well rounded overview of theoretical approaches to deviance However the guiding theoretical framework of the book is a focus on the social construction of deviance both at the macro and micro levels While the first section considers topics that are traditionally found in deviance textbooks prostitution drug abuse alcoholism and mental illness the second section highlights assumptions about what constitutes normal families bodies and cultural practices Most deviance readers and texts focus on very narrow conceptualizations of what constitutes deviant behaviour with little attention paid to everyday constructions of deviance related to poverty body image and family values *Dear Sisters:*
