**The Far East Comes Near** Lucy Nguyen-Hong Nhiem,1989 Collects the personal accounts of twenty six college students who were refugees from Cambodia Laos and Vietnam    **Documents of the Asian American Experience** Noriko Matsumoto,2025-02-06 This curated and contextualized primary source collection examines the history of Asian Americans from precolonial times to the present day From their integral role in the expansion of transcontinental railroads in the 1800s to Japanese internment during World War II to being lauded as the model minority in the late 20th and early 21st centuries Asian American history is inextricable from the larger history of the United States Yet the contributions struggles and lived experiences of this diverse minority group have often gone unacknowledged Documents of the Asian American Experience features more than 80 documents across 17 time periods including newspaper articles personal accounts federal legislation propaganda pieces and more Readers will discover the multifaceted experiences of Chinese Japanese Korean Indian and Filipino Americans among others Essays at the beginning of each section provide an overview of the time period and the political economic and sociocultural factors influencing race relations at the time Concise introductions to each document provide necessary background information about the source and its significance    **Khmer American** Nancy J.

Smith-Hefner,1999-01-25 In the early 1980s tens of thousands of Cambodian refugees fled their war torn country to take up residence in the United States where they quickly became one of the most troubled and least studied immigrant groups This book is the story of that passage and of the efforts of Khmer Americans to recreate the fabric of culture and identity in the aftermath of the Khmer holocaust Based on long term research among Cambodians residing in metropolitan Boston this rich ethnography provides a vivid portrait of the challenges facing Khmer American culture as seen from the perspective of elders attempting to preserve Khmer Buddhism in a deeply unfamiliar world The study highlights the tensions and ambivalences of Khmer socialization with particular emphasis on Khmer conceptions of personhood morality and sexuality Nancy J Smith Hefner considers how this cultural heritage influences the performance of Khmer children in American schools and ultimately determines Khmer engagement with American culture    **Adaptation, Acculturation, and Transnational Ties Among Asian Americans** Franklin Ng,1998    **Grace after Genocide** Carol A. Mortland,2017-05-01 Grace after Genocide is the first comprehensive ethnography of Cambodian refugees charting their struggle to transition from life in agrarian Cambodia to survival in post industrial America while maintaining their identities as Cambodians The ethnography contrasts the lives of refugees who arrived in America after 1975 with their focus on Khmer traditions values and relations with those of their children who as descendants of the Khmer Rouge catastrophe have struggled to become Americans in a society that defines them as different The ethnography explores America s mid twentieth century involvement in Southeast Asia and its enormous consequences on multiple generations of Khmer refugees    **American Immigrant Cultures** David Levinson,Melvin Ember,1997 The United States is a nation of immigrants Since the Declaration of Independence but especially since the mid

nineteenth century    The American Humanities Index Stephen H. Goode,1993    Amerasia Journal ,2003    **Tonal Intelligence** Sunny Xiang,2020-12-15 Why were U S intelligence organizations so preoccupied with demystifying East and Southeast Asia during the mid twentieth century Sunny Xiang offers a new way of understanding the American cold war in Asia by tracing aesthetic manifestations of Oriental inscrutability across a wide range of texts She examines how cold war regimes of suspicious thinking produced an ambiguity between Oriental enemies and Asian allies contributing to the conflict s status as both a real war and a long peace Xiang puts interrogation reports policy memos and field notes into conversation with novels poems documentaries and mixed media work by artists such as Theresa Hak Kyung Cha Kazuo Ishiguro Ha Jin and Trinh T Minh ha She engages her archive through a reading practice centered on tone juxtaposing Asian diasporans who appear similar in profile yet who differ in tone Tonal Intelligence considers how the meaning of race war and empire came under pressure during two interlinked periods of geopolitical transition American nation building in East and Southeast Asia during the mid twentieth century and Asian economic modernization during the late twentieth century By reading both state records and aesthetic texts from these periods for their tone rather than their content Xiang shows how bygone threats of Asian communism and emergent regimes of Asian capitalism have elicited distinct yet related anxieties about racial intelligibility Featuring bold methods unlikely archives and acute close readings Tonal Intelligence rethinks the marking and making of race during the long cold war    Asians in the American West Nancy Jill Howard,1996    Bulletin Du Bureau International D'éducation ,1992    San Francisco Review of Books ,1989    Peoples of Color in the American West Sucheng Chan,1994 The first anthology to collect readings on the historical and contemporary expereince of western Native Americans Mexican Americans African Americans and Asian Americans Peoples of Color in the American West brings together essays by revisionist historians and social scientists who in recent years have rejected romanticized approaches to western American history Most of the readings treat peoples of color not as victims but as active agents in the making of the history of the American West The editors encourage students to search for characteristics that several groups share and for patterns that persist from one historical period to the next as well as for significant differences among groups By juxtaposing readings the editors do not imply that the histories of nonwhite peoples in the American West have been completely similar or that their cultures have been homogenous and static rather the aim is to highlight important commonalities without slighting their differences The editors notes call students attention to the contributions of these various groups to the economy society and cultures of the American West as well as to the interracial and interethnic tensions Not glossing over the latter is important because as the United States increasingly becomes a multiethnic society viable bases for cooperation will be found only through an understanding of the roots of conflict Back cover    **The Uprooted** David M. Donahue,Nancy Flowers,1995 As the global community shrinks the U S grows in ethnic and cultural diversity A sensitivity to this diversity is crucial for todays society The Uprooted helps students middle school age and older to understand the plight of refugees

through activities that provide information build empathy and stimulate social action. Featuring 35 black and white photographs this is a multidisciplinary teaching guide on one of the most pressing contemporary issues *Khosana*, 1990

*The Vietnamese Experience in America* Paul Rutledge, 1992 **Refugees in America in the 1990s** David W. Haines, 1996-07-17 A study of refugees in the United States discussing the general patterns and policies governing refugee resettlement looking at the histories of immigrants from individual countries and comparing the experiences of multiple refugee groups **Mānoa**, 1990 **Sanctioning Immigrants** Lynn H. Fujiwara, 1999 **L'éducation des réfugiés** Bureau international d'éducation, 1991
