The Fate Of The Earth And The Abolition:

The Fate of the Earth and The Abolition Jonathan Schell,2000 These two books which helped focus national attention on the movement for a nuclear freeze are published in one volume The Nuclear Freeze Campaign J. Michael Hogan,1994 In the first in depth critical analysis of the nuclear freeze campaign J Michael Hogan examines the rhetorical strategies of freeze activists in political speeches mass market paperbacks direct mail documentaries and even public school curricula Through a series of case studies Hogan examines the reasons for the campaign s success as a media phenomenon while also accounting for its failure as a policy initiative The rhetorical strategies of the freeze campaign Hogan argues attracted sympathetic news coverage especially on television news but those very strategies doomed the campaign to failure in institutional political contexts and produced only superficial and transitory public support The Nuclear Freeze Campaign explores what public debate and deliberation can and cannot accomplish in the telepolitical age In focusing upon the freeze campaign Hogan offers a new more critical interpretation of a political cause often praised for empowering the public in the nuclear debate He also explains why such an apparently powerful political movement had so little impact on electoral politics and strategic arms policies Above all however Hogan warns of larger threats to American democracy threats posed by dangerous trends in the ways Americans identify discuss debate and resolve important public issues These are the threats posed by the politics of imagery and emotionalism of sloganeering and sound bites that suggest to Americans that politics is a spectator sport **The Abolition of Privateering and the Declaration of Paris** Francis Raymond Stark,1897

Jonathan Schell: The Fate of the Earth, The Abolition, The Unconquerable World (LOA#329) Jonathan Schell,2020-04-07 75 years after Hiroshima and Nagasaki a collected edition of three classic accounts of our nuclear predicament and the way forward to a peaceful world by the Rachel Carson of the antiwar movement Brave eloquent and controversial these classic works by Jonathan Schell illuminate the nuclear threat to our civilization and envision a way forward to peace In The Fate of the Earth an international bestseller that inspired the nuclear freeze movement Schell distills the best available scientific and technical information to imagine the apocalyptic aftereffects of nuclear war Dramatizing the stakes involved in abstract discussions of military strategy when first published it galvanized public consciousness and changed the terms of the debate over nuclear arms The Abolition extends this work to argue against a complacent acceptance of the stability of the nuclear world and conventional theories of deterrence that pathways to disarmament exist and that the ultimate elimination of nuclear weapons is an achievable goal The volume concludes with what is arguably Schell s masterwork The Unconquerable World Power Nonviolence and the Will of the People A sweeping surprisingly hopeful historical analysis of the changing nature of warfare both nuclear and conventional through the end of the twentieth century it argues that war has become less and less useful as a means for achieving political ends culminating in the mutually assured destruction of the Cold War Describing the world historical successes of people s revolutions the Gandhian defeat of British imperialism in India and the

peaceful dissolution of the Soviet Union among others Schell envisions new political and social foundations on which to sustain a lasting peace *I Will Abolish the Bow* Matthew A. King, 2021-06-22 To be designated a person carries with it enormous social and legal entitlements Christians may be surprised to discover that the Bible considers animals persons *I Will Abolish the Bow* details this biblical personhood and demands that humanity reverses course on its exploitation and irresponsible dominion over animals Filled with educational rebuttals and thoughtful discourse this book is certain to challenge traditional Christian teachings on animals This book is guaranteed to satisfy Christians who desire justice for all of God's creatures *The Abolition of Privateering and the Declaration of Paris* Francis R. Stark, 1897 **Global Elimination of Nuclear Weapons** Martin Kalinowski, 2000 Die Bemühungen um eine vollständige Abrüstung atomarer Waffen sind in eine Sackgasse geraten Wie ist es dazu gekommen Wie kann der Stillstand überwunden werden Der Sammelband analysiert die gegenwärtige Situation und stellt bisher wenig diskutierte Abrüstungsvorschläge vor Dazu zählen die Idee einer Kernwaffenkonvention zum Verbot aller Kernwaffen in Analogie zur Biologie und Chemiewaffenkonvention qualitative statt der bisherigen quantitativen Abrüstungsmaßnahmen aber auch die Einrichtung regional begrenzter atomwaffenfreier Zonen Außerdem zeigen die Autoren die Notwendigkeit auf alle Kernwaffenstaaten nicht nur die USA und Russland in die Verhandlungen einzubeziehen Das Werk richtet sich an Wissenschaftler Politiker aber auch in der Friedensbewegung Engagierte die sich mit den Positionen und Vorschlägen der Befürworter einer vollständigen Abschaffung von Kernwaffen vertraut machen wollen Die Autoren sind international ausgewiesene Experten für die atomare Abrüstung darunter auch Mitinitiatoren und Hauptautoren des Modellentwurfs einer Kernwaffenkonvention der 1997 zu einem offiziellen Dokument der Vereinten Nationen wurde *How to Abolish Prisons* Rachel Herzing, Justin Piché, 2024-04-09 An incisive guide to abolitionist strategy and a love letter to the movement that made this moment possible Critics of abolition sometimes castigate the movement for its utopianism but in *How to Abolish Prisons* long time organizers Rachel Herzing and Justin Piché reveal a movement that has made the struggle for abolition as real as the institutions they are fighting against Drawing on extensive interviews with abolitionist crews all over North America Herzing and Piché provide a collective reconstruction of what the grassroots movement to abolish prisons actually is what initiatives it has launched how it organizes itself and how its protagonists build the day to day practice of politics Readers sit in on the Winnipeg rideshares of Bar None and the meetings of the Chicago Community Bail Fund as they assess the utility of politicized mutual aid They follow the campaigns and coalitions of Critical Resistance in Oakland and San Francisco and Survived and Punished in New York City and learn about the prisoner correspondence projects that keep activists behind bars and outside them in constant coordination Abolitionist campaigns are constructing on the ground initiatives across North America to deconstruct carceral society and build resistant communities Through the words deeds and personalities of this beautifully peopled movement *How to Abolish Prisons* emerges as a stunning snapshot of a movement's thinking in motion *The Shape of this Century* Diana Wylie
