The Feminine "No!" Todd McGowan, 2001-01-01 Attempts to understand recent changes in the canon of American literature through the aid of psychoanalytic theory      **The Feminine "No!"** Todd McGowan, 2001-01-01 Attempts to understand recent changes in the canon of American literature through the aid of psychoanalytic theory      **The End of Dissatisfaction?** Todd McGowan, 2004-01-01 Explains why the American cultural obsession with enjoying ourselves actually makes it more difficult to do so      **The Real Gaze** Todd McGowan, 2012-02-01 Winner of the 2008 Gradiva Award Theoretical Category presented by the National Association for the Advancement of Psychoanalysis The Real Gaze develops a new theory of the cinema by rethinking the concept of the gaze which has long been central in film theory Historically film scholars have located the gaze on the side of the spectator however Todd McGowan positions it within the filmic image where it has the radical potential to disrupt the spectator's sense of identity and challenge the foundations of ideology This book demonstrates several distinct cinematic forms that vary in terms of how the gaze functions within the films Through a detailed investigation of directors such as Orson Welles Claire Denis Stanley Kubrick Spike Lee Federico Fellini Ron Howard Steven Spielberg Andrei Tarkovsky Wim Wenders and David Lynch McGowan explores the political cultural and existential ramifications of these differing roles of the gaze      **In the Event of Laughter** Alfie Bown, 2018-11-15 Using Lacanian psychoanalysis as well as its pre history and afterlives In the Event of Laughter argues for a new framework for discussing laughter Responding to a tradition of comedy studies that has been interested only in the causes of laughter in why we laugh it proposes a different relationship between laughter and causality Ultimately it argues that laughter is both cause and effect troubling chronological time and asking for a more nuanced way of conceiving the relationship between subjects and their laughter than existing theories have accounted for Making this visible via psychoanalytic ideas of retroactivity Alfie Bown explores how laughter far from being a mere response to a stimulus changes the relationship between the present the past and the future Bown investigates this hypothesis in relation to a range of comic texts from the history of laughter discussing Chaucer Shakespeare Kafka and Chaplin as well as lesser known but vital figures from the comic genre      **Theorizing Desire** K. Gorton, 2008-03-13 What is the nature of desire This book gives an accessible introduction to the concept and a coherent critique of the competing theories of desire within contemporary theory Through analysis of representations of desire in television and film it considers ways in which the concept is theorized and presented on screen      **Subject Guide to Books in Print**, 1997      *American Literary Scholarship* James Leslie Woodress, 1965      **Bibliographic Guide to Psychology** New York Public Library.
