**Chemical Wedding** Bruce Dickinson, Julian Doyle, 2008 Jack Parsons was a brilliant chemist member of Cal Tech  
propulsion unit that invented the rocket fuel used for the US space flight to the moon He was also a fanatical believer in the  
Magick of Aleister Crowley the aging occultist who considered himself The Beast incarnate In 1947 Jack Parsons and L Ron  
Hubbard were performing Crowley's mystic rituals in a house in Pasadena California Parsons wrote excitedly to his occult  
leader Crowley I have had the most devastating experience of my life I have been in direct touch with One who is most Holy  
and Beautiful as mentioned in your Book of the Law First instructions were received through Lafayette Ron Hubbard the seer  
I have followed them to the letter There was a desire for incarnation I am to act as an instructor guardian guide for nine  
months then it will be loosed on the world Crowley wrote despairingly to a disciple about Parsons It appears that he has  
given away both his girl and his money to this writer of science fiction and is now invoking my ritual to produce a Moonchild I  
am fairly frantic Nine months later while being visited by two students from Cambridge Aleister Crowley died of cardiac  
degeneration Missing from his personal possessions was his magical diaries and his pocket watch His funeral took place in  
the Chapel of the Brighton Crematorium The final rites were performed by the novelist Louis Marlowe reading extracts from  
Crowley's Book of the Law The Brighton Echo denounced the whole ceremony as a Black Mass In 1952 Jack Parsons was  
blown up in his laboratory in Pasadena L Ron Hubbard died on his yacht as leader of the Church of Scientology But did the  
issue end with these three deaths Would Crowley as he claimed ever return from death to rule the world Why did US  
astronauts name a crater on the moon after Jack Parsons Is L Ron Hubbard really dead What had been generated by the  
ceremony in California that seemed to signal Crowley's demise And what happened to them missing pocket watch  
Unanswered questions till late in the twentieth century Dr Joshua Mathers brought a state of the art Interactive Suit from Cal  
Tech California to Cambridge in England to begin an experiment that unknown to mankind changed the course of our planet
