The Flintstones A Haunted House Is Not A Home:

Comic Drunks, Crazy Cults, and Lovable Monsters David Scott Diffrient, 2022-12-01 Contradictory to its core the sitcom an ostensibly conservative tranquilizing genre has a long track record in the United States of tackling controversial subjects with a fearlessness not often found in other types of programming But the sitcom also conceals as much as it reveals masking the rationale for socially deviant or deleterious behavior behind figures of ridicule whose motives are rarely disclosed fully over the course of a thirty minute episode Examining a broad range of network and cable TV shows across the history of the medium from classic working class comedies such as *The Honeymooners* *All in the Family* and *Roseanne* to several contemporary cult series animated programs and online hits that have yet to attract much scholarly attention this book explores the ways in which social imaginaries related to bad behavior have been humorously exploited over the years The repeated appearance of socially wayward figures on the small screen from raging alcoholics to brainwashed cult members to actual monsters who are merely exaggerated versions of our own inner demons has the dual effect of reducing complex individuals to recognizable types while neutralizing the presumed threats that they pose Such representations not only provide strangely comforting reminders that badness is a cultural construct but also prompt audiences to reflect on their own unspoken proclivities for antisocial behavior if only in passing *The Video Source Book* David J. WEINER, 1990

Billboard , 2000-08-26 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Drawn to Television** M. Keith Booker, 2006-08-30 Since late evening cartoons first aired in 1960 prime time animated series have had a profound effect on American television and American culture at large The characters and motifs from such shows as *The Flintstones* and *The Simpsons* are among the best known images in world popular culture and tellingly even series that have not done well in prime time series like *The Jetsons* for instance have yielded similarly iconic images The advent of cable and several new channels devoted exclusively to animated programming have brought old series back to life in syndication while also providing new markets for additional often more experimental animated series Even on the conventional networks programs such as *The Flintstones* and *The Simpsons* not to mention *Family Guy* and *King of the Hill* have consistently shown a smartness and a satirical punch that goes well beyond the norm in network programming *Drawn to Television* traces the history of prime time animation from *The Flintstones* initial extension of Saturday mornings to *Family Guy* and *South Park* s late night appeal in the 21st century In the process it sheds a surprising light on just how much the kid inside us all still has to say *Drawn to Television* describes the content and style of all the major prime time animated series while also placing these series within their political and cultural contexts It also tackles a number of important questions about animated programming such as how animated series differ from conventional series why animated programming tends to be so

effective as a vehicle for social and political satire what makes animated characters so readily convertible into icons and what the likely effects of new technologies such as digital animation will be on this genre in the future Prehistoric Humans in Film and Television Michael Klossner,2015-01-09 From the early days of the movies cavemen have been a popular subject for filmmakers not surprisingly since the birth of cinema occurred only a few decades after the earliest scientific studies of prehistoric man Filmmakers however were not constrained by the emerging science instead they most often took a comedic look at prehistory a trend that continued throughout the 20th century Prehistoric humans also populated adventure fantasy films with the original One Million B C 1940 leading the charge Documentaries were also made but it was not until the 1970s that accurate film accounts of prehistoric humans finally emerged This exhaustive work provides detailed accounts of 581 film and television productions that feature depictions of human prehistory Included are dramas and comedies set in human prehistory documentaries and films and television shows in which prehistoric people somehow exist in historical periods from the advent of civilization up to the present or in extraterrestrial settings Each entry includes full filmographic data including year of release running time production personnel cast information and format A description of each film provides background on the prehistoric elements Contemporary critical commentary is included for many of the works **Billboard** ,1998-10-17 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **Billboard** ,2000-05-27 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Video Hound's Golden Movie Retriever*, 1991 David J Weiner,Thomson Gale,1991 **Television Comedy Series** Joel Eisner,David Krinsky,1984 Guide to the syndicated sitcoms **Video Source Book** Gale Group,1999-10-28 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **Video Source Book** ,2006 A guide to programs currently available on video in the areas of movies entertainment general interest education sports recreation fine arts health science business industry children juvenile how to instruction **TV Guide** ,2004 *Tragediia sovetskoi derevni* ,1999 **Variety's Complete Home Video Directory** ,1989 **International Television & Video Almanac** ,2007 **Motion Picture Almanac** ,2007 *Parents' Magazine & Better Homemaking* ,1962 *Gopen's Guide to Closed Captioned Video* Stuart Gopen,1993 **Forthcoming Books** Rose Arny,1996-10 *International Television and Video Almanac* Tracy Stevens,2001
