A Conservative Christian Reviews the Greatest Movies Ever Made George McManus, 2003-07 [Gloria Grahame, Bad Girl of Film Noir](#) Robert J. Lentz, 2014-01-10 A marvelous actress Gloria Grahame 1923-1981 was also an iconic figure of film noir. Her talents are showcased in several classic motion pictures of the 1940s and 1950s including *It's a Wonderful Life*, *Crossfire*, *In a Lonely Place*, *The Greatest Show on Earth*, *The Big Heat*, *Oklahoma*, and *The Bad and the Beautiful* for which she earned an Academy Award. This comprehensive overview of Gloria Grahame's life and work examines each of her feature films in detail as well as her made-for-television productions, her television series appearances, and her stage career. Also discussed are the varied ways in which Grahame's acting performances were affected by her tumultuous personal life which included four marriages, the second to director Nicholas Ray, and the fourth to Ray's stepson Anthony.

[The Careers of Burt Lancaster and Kirk Douglas as Referenced in Literature](#) Henryk Hoffmann, 2021-01-05 *The Careers of Burt Lancaster and Kirk Douglas as Referenced in Literature* is a study of the perception of these two Hollywood megastars and their work as presented in the text and context of references and allusions found in world literature. This book also aims to establish the impact factor of the two actors and their major films as well as to provide extensive data for further studies of the complex and bilateral relationships between film and literature. The pertinent quotations have been extracted from over 150 works: novels, short stories, plays, poems, and some nonfiction biographies and memoirs, excluding those focused on film celebrities by more than 120 authors. The main body of the book consists of two parts, each devoted to one actor and each having five identical sections. In the first section, references to the actor's films are discussed, while the second section presents references to the actor himself. The third section shows the complete list of references found to the actor and his films, including references not mentioned in the first two sections, either because of their relative insignificance, the lack of an English translation in case of foreign language works, or repetitiveness and/or abundance in a given work. The fourth section offers the credits of the films referenced, and the fifth section presents the actor's complete monographic bibliography. The third part of the book, Epilogue: Final Remarks and Conclusions, provides an analysis and classification of all the references and allusions presented in the main body and elaborates on the friendship of the two actors. College professors and students interested in film studies, particularly film analysis and criticism, film perception, and film genres, will find this book of great interest. It will also appeal to people interested in biographical books on movie personalities and movie fans, especially those interested in westerns, film noir, and the careers of Burt Lancaster and Kirk Douglas.

Stardom Christine Gledhill, 1991 In the past, stars have been studied as cogs in a mass entertainment industry selling desires and ideologies. But
