Slavery And The Peculiar Solution A History Of The American Colonization Society:

Slavery and the Peculiar Solution Eric Burin, 2016-08-01 An exceptional work that will stand for years as the best study of the African colonization movement Burin's insights into this often misunderstood idea will be appreciated by all historians of the early national era. The research both archival and secondary is excellent. Douglas Egerton Le Moyne College Burin adds significantly to our understanding of the world view of slaveholding colonizationists of their negotiations with prospectively freed people and of their struggle with proslavery critics of colonization. Historians of proslavery thought will find new ideas and information here. Torrey Stephen Whitman Mount St Mary's College From the early 1700s through the late 1800s many whites advocated removing blacks from America. The American Colonization Society (ACS) epitomized this desire to deport black people. Founded in 1816 the ACS championed the repatriation of black Americans to Liberia in West Africa. Supported by James Madison, James Monroe, Henry Clay and other notables the ACS sent thousands of black emigrants to Liberia. In examining the ACS's activities in America and Africa Eric Burin assesses the organization's impact on slavery and race relations. Burin focuses on ACS manumissions that is instances wherein slaves were freed on the condition that they go to Liberia. In doing so he provides the first account of the ACS that covers the entire South throughout the antebellum era. He investigates everyone involved in the society's affairs from the emancipators and freedpersons at the center to the colonization agents, free blacks, southern jurists, newspaper editors, neighboring whites, proslavery ideologues, northern colonizationists and abolitionists on the periphery. In mixing a panoramic view of ACS operations with close ups on individual participants Burin presents a unique bifocal perspective on the ACS. Although colonization leaders initially envisioned their program as a pacific enterprise in reality the push and pull among emancipators, freedpersons and others rendered ACS manumissions logically complex, financially troublesome, legally complicated and at times socially disruptive enterprises. Like pebbles dropped in water ACS manumissions rippled outward destabilizing slavery in their wake. Based on extensive archival research and a database of 11,000 ACS emigrants Burin's study offers new insights concerning the origins, intentions, activities and fate of the colonization movement.

Slavery and the Peculiar Solution Eric Burin, 2008 Every historian working on colonization will want to read and engage this provocative history of the experience of African colonization for the manumitted, the manumitters and their proslavery critics. American Historical Review One of the most insightful treatments of colonization in years Pennsylvania Magazine of History and Biography Balanced, accessible and thorough. Each of Burin's chapters explores the ACS from a specific perspective. ACS members who manumitted enslaved workers specifically to go to Liberia, the enslaved themselves, northern fundraisers, white southerners, legal authorities and finally the freedpeople in Liberia. Journal of African American History Presents a vivid portrait of the organization as a conduit through which several thousand African Americans passed from American slavery to African freedom. Journal of American History Conveys the image of chattel slavery not as a monolithic structure controlling all masters and slaves everywhere but as a

constantly changing entity throbbing with painful issues of personal and private rights in conflict with predominant opinions about social cohesion and custom The result is a refreshingly complex picture of American slavery History A meticulously researched biography of one of the oft overlooked cul de sacs in American history **Virginia Quarterly Review** **Protecting the Empire's Humanity** Zoë Laidlaw,2021-09-23 Rooted in the extraordinary archive of Quaker physician and humanitarian activist Dr Thomas Hodgkin this book explores the efforts of the Aborigines Protection Society to expose Britain's hypocrisy and imperial crimes in the mid nineteenth century Hodgkin's correspondents stretched from Liberia to Lesotho New Zealand to Texas Jamaica to Ontario and Bombay to South Australia they included scientists philanthropists missionaries systematic colonizers politicians and indigenous peoples themselves Debating the best way to protect and advance indigenous rights in an era of burgeoning settler colonialism they looked back to the lessons and limitations of anti slavery lamented the imperial government's disavowal of responsibility for settler colonies and laid out elaborate and patronizing plans for indigenous civilization Protecting the Empire's Humanity reminds us of the complexity contradictions and capacious nature of British colonialism and metropolitan humanitarianism illuminating the broad canvas of empire through a distinctive set of British and Indigenous campaigners

Articulating Rights Alison Marie Parker,2010 In this original study of six notable reformers Alison Parker skillfully illuminates the connections between the gradual transformation of reform strategies over the course of the nineteenth century and the political ideas of the reformers themselves Parker argues that American women's political thought evolved from an emphasis on reform through moral suasion and local control into an endorsement of expanded federal power and a strong central state This book reveals Fanny Wright Sarah Grimk Angelina Grimk Weld Frances Watkins Harper Frances
