## **Slipping Away:**

*Slipping Away* Scott William Wood, 2012-06-12 Brash and apathetic to a fault Detective Bobby Forsett retreats from a crumbling personal and professional world he fashioned around twenty six years of dedicated police service Seeking solace and personal redemption he finds himself pulled back by fading sentiments hes trying to deny and vengeful forces intent on reminding him why he never should have left Set amid the pristine forests and mountain grandeur that surround the gem of the Pacific Northwests urban coastal region Vancouver Canada the story offers glimpses into noble souls whose deeds are anything but and callous tormentors whose intentions are all that and more Bobby relentlessly pursues justice to the literal precipice rediscovering a commitment to past ideals and frayed emotional ties hed considered relics of a past best forgotten

**Slipping Away** Mark Moberg, 2008 During the 1990s the Eastern Caribbean was caught in a bitter trade dispute between the US and EU over the European banana market When the World Trade Organization rejected preferential access for Caribbean growers in 1998 the effect on the region s rural communities was devastating This volume examines the banana wars from the vantage point of St Lucia s Mabouya Valley whose recent turbulent history reveals the impact of global forces The author investigates how the contemporary structure of the island s banana industry originated in colonial policies to create a politically stable peasantry followed by politicians efforts to mobilize rural voters These political strategies left farmers dependent on institutional and market protection leaving them vulnerable to any alteration in trade policy This history gave way to a new harsh reality in which neoliberal policies privilege price and quantity over human rights and the environment However against these challenges the author shows how the rural poor have responded in creative ways including new social movements and Fair Trade farming in order to negotiate a stronger position for themselves in a shifting global economy
