Skolt Lapps Today:

The Skolt Lapps Today Tim Ingold, 1976-12-30 On the conclusion of the Second World War Finland was obliged to cede its northeasternmost territory of Petsamo to the Soviet Union Amongst those who lost their homes were around four hundred representatives of the original native population of the territory the Skolt Lapps The Skolts were subsequently resettled in two reservations marked out in the wilderness of Finland's present northeastern borderlands The contemporary organization of the Skolt community in the larger of these reservations the Sevettijärvi area is the subject of this 1976 study The first part of the book the ecological imbalance created by technological innovation and commercial penetration the second analyses the activities and relationships built up on the fixed template of the resettlement plan and the third explores the business of leap frog politics which links the community into the machinery of modern government and the forum of debate on the future of native minorities

The Sámi Peoples of the North Neil Kent, 2019-03-01 There is no single volume that encompasses an integrated social and cultural history of the Sámi people from the Nordic countries and northwestern Russia Neil Kent's book fills this lacuna In the first instance he considers how the Sámi homeland is defined its geography climate and early contact with other peoples He then moves on to its early chronicles and the onset of colonisation which changed Sámi life profoundly over the last millennium Thereafter the nature of Sámi ethnicity is examined in the context of the peoples among whom the Sámi increasingly lived as well as the growing intrusions of the states who claimed sovereignty over them The Soviet gulag the Lapland War and increasing urbanisation all impacted upon Sámi life Religion too played an important role from pre-historic times with their pantheon of gods and sacred sites to their Christianisation In the late twentieth century there has been an increasing symbiosis of ancient Sámi spiritual practice with Christianity Recently the intrusions of the logging and nuclear industries as well as tourism have come to redefine Sámi society and culture Even the meaning of who exactly is a Sámi is scrutinised at a time when some intermarry and yet return to Sámi where their children

Rogers, 2010-07-06 Since the first edition of this landmark book was published in 1962 Everett Rogers's name has become virtually synonymous with the study of diffusion of innovations according to Choice The second and third editions of *Diffusion of Innovations* became the standard textbook and reference on diffusion studies Now in the fourth edition Rogers presents the culmination of more than thirty years of research that will set a new standard for analysis and inquiry The fourth edition is 1 a revision of the theoretical framework and the research evidence supporting this model of diffusion and 2 a new intellectual venture in that new concepts and new theoretical viewpoints are introduced This edition differs from its predecessors in that it takes a much more critical stance in its review and synthesis of 5 000 diffusion publications During the past thirty years or so diffusion research has grown to be widely recognized applied and admired but it has also been subjected to both constructive and destructive criticism This criticism is due in large part to the stereotyped and limited ways in which many diffusion scholars have defined the scope and method of their field of study Rogers analyzes the limitations of previous diffusion studies showing for example that the convergence model by which participants create and share information to reach a mutual understanding more accurately describes diffusion in most cases than the linear model Rogers provides an entirely new set of case examples from the Balinese Water Temple to Nintendo videogames that beautifully illustrate his expansive research as well as a completely revised bibliography covering all relevant diffusion scholarship in the past decade Most important he discusses recent research and current topics including social marketing forecasting the rate of adoption technology transfer and more This all inclusive work will be essential reading for scholars and students in the fields of communications marketing geography economic development political science sociology and other related fields for generations to come *The Lapps Today in Finland, Norway and Sweden: Conferences of Stockholm 1959, Inari 1959, Kiruna 1962, edited on behalf of the Nordic Lapp Council by Rowland G.
