*SPIN*, 1989-02 From the concert stage to the dressing room from the recording studio to the digital realm *SPIN* surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a discerning critical ear With dynamic photography bold graphic design and informed irreverence the pages of *SPIN* pulsate with the energy of today's most innovative sounds Whether covering what's new or what's next *SPIN* is your monthly VIP pass to all that rocks

*High on the Hogs* David Stidworthy, 2024-10-09 Bikers are typically portrayed on film as dangerous rebellious outlaws But to be fair they have also been portrayed as cool philosophical thinkers and confused sensitive hunks American International handled the earliest portrayals in *Motorcycle Gang* and *Dragstrip Riot* in the fifties and then satirized them in *Eric Von Ripper* and his gang in the beach movies that were popular in the sixties From then on biker films were known for their shock value and when they lost their shock value they ran out of road This filmography covers 58 biker films and provides a synopsis an analysis by the author and cast and production credits for each film Included are such films as *Angel Unchained* *The Angry Breed* *The Born Losers* *C C and Company* *Chrome* and *Hot Leather* *The Dirt Gang* *Easy Rider* *Five the Hard Way* *The Hard Ride* *Hell's Angels on Wheels* *Hell's Chosen* *Few The Limit* *The Loners* *The Miniskirt Mob* *Motor Psycho* *Outlaw Riders* *Rebel Rousers* *The Savage Seven* *The Takers* *The Wild Angels* *The Wild Rebels* and *Wild Riders*

**Land of a Thousand Balconies** Jack Stevenson, 2003 Most books about B movies are straight forward genre guides biographies or encyclopaedias Not this one In addition to chapters on film showmen gimmicks and cult films *Land of a Thousand Balconies* documents those incidents and unusual film happenings which author Jack Stevenson has over the past fifteen years been privy to in his various capacities as show organiser tour arranger festival jury member and projectionist for hire *Land of a Thousand Balconies* also focuses on movie theatres and renegade exhibition spaces lamenting on the disappearing sense of place that is such an integral part of the movie going experience Here the reader is invited to tour a diversity of venues from the notorious old grindhouses of San Francisco the home made storefront cinemas of Seattle and NY through to the underground film clubs of Europe Book jacket

*The Hollywood Renaissance* Yannis Tzioumakis, Peter Krämer, 2018-06-28 In December 1967 *Time* magazine put Bonnie and Clyde on its cover and proudly declared that Hollywood cinema was undergoing a renaissance For the next few years a wide range of formally and thematically challenging films were produced at the very centre of the American film industry often but by no means always combining success at the box office with huge critical acclaim both then and later This collection brings together acknowledged experts on American cinema to examine thirteen key films from the years 1966 to 1974 starting with *Who's Afraid of Virginia Woolf* a major studio release which was in effect exempted from Hollywood's Production Code and thus helped to liberate American filmmaking from self censorship Long standing taboos to do with sex violence race relations drugs politics religion and much else could now be broken often in conjunction with extensive stylistic experimentation Whereas most previous scholarship has examined these developments

through the prism of auteurism with its tight focus on film directors and their oeuvres the contributors to this collection also carefully examine production histories and processes In doing so they pay particular attention to the economic underpinnings and collaborative nature of filmmaking the influence of European art cinema as well as of exploitation experimental and underground films and the connections between cinema and other media notably publishing music and theatre Several chapters show how the innovations of the Hollywood Renaissance relate to further changes in American cinema from the mid 1970s onwards

Easy Rider Steven Bingen, 2019-11-01 In 1969 a man walked upon the moon the Woodstock music festival was held in upstate New York Richard Nixon was sworn in as the president of the United States the Beatles made their last public appearance as did after a fashion Judy Garland Dwight D Eisenhower Boris Karloff Joseph P Kennedy and Jack Kerouac all of whom passed away that year Something else passed away that year as well In early July just days before the moon landing a low budget exploitation movie Easy Rider was released It's astonishing and wholly unexpected success almost single handedly destroyed the Hollywood studio system which had been controlling the entertainment industry for half a century Its success would ultimately change the way movies would be made and who made them as well as how those movies looked and sounded and which audiences those movies would be made for Additionally the film's innovative techniques including extensive location shooting unexplained editing juxtapositions improvised dialogue and innovative use of popular music would change the vocabulary and language of cinema forever Easy Rider 50 Years of Looking for America will tell the story of Easy Rider on the fiftieth anniversary of its explosive release Through published interviews previously undiscovered archival materials and new reflections by the participants the whole story of Hollywood's first true counterculture movie will be revealed for the first time ever
