## **Speak Memory:**

**Speak, Memory** Vladimir Nabokov, 2011-02-16 From one of the 20th century's great writers comes one of the finest autobiographies of our time. Scintillating. One finds here amazing glimpses into the life of a world that has vanished forever. The New York Times Speak Memory was first published by Vladimir Nabokov in 1951 as *Conclusive Evidence* and then assiduously revised and republished in 1966. Nabokov's memoir is a moving account of a loving, civilized family of adolescent awakenings: flight from Bolshevik terror, education in England and migr life in Paris and Berlin. The Nabokovs were eccentric liberal aristocrats who lived a life immersed in politics and literature on splendid country estates until their world was swept away by the Russian revolution when the author was eighteen years old. Speak Memory vividly evokes a vanished past in the inimitable prose of Nabokov at his best.

Autobiography and Imagination John Pilling, 2015-08-20 Originally published in

1981. This book looks at the autobiographical work of nine twentieth century writers: Henry Adams, Henry James, W.B. Yeats, Boris Pasternak, Leiris, Jean Paul Sartre, Vladimir Nabokov, Henry Green, and Adrian Stokes. The author argues that often the writer has shaped his life through his craft, coming to understand the pattern of his own existence through the formalism of language. In each case the writer stamps his personality on the work by means of a distinctive verbal surface whose discipline enables him to evade narrow egotism and forces both reader and writer into an act of collaboration and corroboration.

Written at a time when criticism was turning to focus on the relation between the reader and the text, this study added a provocative dimension to the debate and is still an important read today.

**The Enchanter** Lila Azam Zanganeh, 2011-06-02

With sly sophistication and ebullient charm, Lila Azam Zanganeh shares the intoxication of delirious joy to be found in reading, in particular in reading the masterpieces of the great writer of happiness, Vladimir Nabokov. Plunging into the enchanted and luminous worlds of Speak Memory, Ada or Ardor, and the infamous Lolita, Zanganeh seeks out the Nabokovian experience of time, memory, sexual passion, nature, loss, love in all its forms, language in all its allusions. She explores his geography, his Russian childhood, his European sojourns, the landscapes of his America, suffers encounters with his beloved nature, hallucinates an interview with the master, and seeks the crunch of happiness in his singular vocabulary. This rhapsodic and beautifully illuminated book will both reignite the passion of experienced lovers of Nabokov's work and lure the innocent reader to a well of delights.

**Understanding Vladimir Nabokov** Stephen Jan Parker, 1987 The Art of Reading Damon Young, 2017-08-10 A beautiful celebratory tribute to the powers of one of our most undervalued skills: an ideal gift for the avid reader. What you are doing right now is, cosmically speaking, against the odds. As young children we are taught to read but soon go on to forget

just how miraculous a process it is this turning of scratches and dots into understanding unease and inspiration Perhaps we need to stop and remember stop and learn again how to read better Damon Young shows us how to do exactly this walking alongside some of the greatest readers who light a path for us Borges Plato Woolf Young reads passionately selectively surprisingly from superhero noir to speculative realism from Heidegger to Heinlein and shows his reader how cultivating their inner critic can expand their own lives as well as the lives of those on the pages of the books they love **Speak, Memory An Autobiography Revisited** ,2003
